

**Division of Mental Health and Addiction Services
Community Peer Recovery Center RFP
Date of Final Award –March 15, 2022**

Name of Program: Community Peer Recovery Center

Purpose:

This Request for Proposal (RFP) was issued by the New Jersey Department of Human Services (DHS), Division of Mental Health and Addiction Services (DMHAS), to expand regional Community Peer Recovery Centers (CPRC). The CPRC will be a place where individuals can access peer support, information about substance use disorder treatment, recovery support services, and information about other community resources in a supportive substance free environment. This RFP is funded through the Substance Abuse and Mental Health Services Administration’s (SAMHSA) State Opioid Response to Grants (SOR) funding. The SOR grant funding period is through September 29, 2022 depending on federal appropriations. This expansion funding is for start-up of small-scale recovery centers in counties that do not have a CPRC to provide peer-to-peer recovery support services to prevent recurrence of substance use and promote sustained recovery. All activities and services are led and driven by “peers” (i.e. individuals who have experienced addiction and recovery, either directly or indirectly as a family member or friend). The overall goal of the CPRC is to provide a safe place for recovering individuals to gather in support of one another and experience sober living in a community setting. The CPRC will offer social support and give those in recovery a place where they feel that they belong. DMHAS awarded 9 contracts in the total amount of \$900,000.
