**Supporting Students in Recovery:**  
**Recovery Housing and Supports to Prevent and Reduce Substance Abuse on College**  
**Campuses in New Jersey**  
**Date of Final Award – January 12, 2018**

**Name of Program** Supporting Students in Recovery: Recovery Housing and Supports to Prevent and Reduce Substance Abuse on College Campuses in New Jersey

**Purpose:**

This Request for Proposals (RFP) sought to provide supportive, substance-free living environments for college students in recovery. Institutions that already have designated housing for students in recovery were eligible to apply for funding for recovery programs, treatment and related services. If a college or university does not yet provide recovery housing, a portion of these funds must be used to develop recovery housing (new construction, modifying or improving existing space, etc.). The remainder may be used for recovery programs, treatment and related services. Each college or university awardee will be required to provide individual and group substance abuse recovery-oriented programs and services, implement environmental prevention strategies, provide assessment, academic, and personal counseling services to students, and other appropriate services. Note that designated housing may include a floor, wing or other area within a dormitory building or other student housing and does not require that an entire dormitory be substance-free. Project oversight will be provided by DMHAS. The funding available is one-time only and not renewable.

DMHAS will provide total funding in the amount of \$4,716,337 to five State recognized accredited public institutions of higher learning in New Jersey to provide recovery housing and/or support services.

<b>Institution Name</b>	<b>CEO/ Executive Director</b>	<b>Amount Funded</b>	<b>County of Award</b>
The College of New Jersey	Jacqueline Taylor, Pd.D.	\$989,810	Mercer
