

Division of Mental Health and Addiction Services
Expanded Hour/Same Day Service for Methadone and Other Medications in
Opioid Treatment Programs
Date of Final Award – March 17, 2021

Name of Program: Expanded Hour/Same Day Service for Methadone and Other Medications in Opioid Treatment Programs

Purpose:

This Request for Proposal (RFP) was issued for the development of an Expanded Hour/ Same Day Service to Methadone and Other Medications in Opioid Treatment Programs (OTPs) initiative (Short Title: Expanded Hour/Same Day Service OTPs). This RFP is funded through the Substance Abuse and Mental Health Services Administration’s (SAMHSA) State Opioid Response grant (SOR). The SOR grant period is September 30, 2020 to September 29, 2022. Funding is available through September 29, 2021 and may be available through September 29, 2022, depending on Federal appropriations. The Expanded Hour/Same Day Service OTPs initiative is intended to be a two-year program that includes services to provide low threshold, on-demand Medication Assisted Treatment (MAT) followed by treatment or referral to ongoing care for individuals with an opioid use disorder (OUD). These services create access to treatment by removing traditional barriers such as service hours. The Expanded Hour/Same Day Service OTPs will provide same-day access to treatment for individuals with an OUD with or without co-occurring mental health and/or physical health disorders. Services will include medical screening and facilitated referral; behavioral health assessment; medications for treatment of OUD including, methadone and buprenorphine; case management services; and treatment and/or facilitated referral to ongoing treatment. Providers will have naloxone available at all times. The Division of Mental Health and Addiction Services awarded four contracts in the total amount of \$2,968,975.
