

**Division of Mental Health and Addiction Services**  
**Expanded Hour/Same Day Service for Methadone and Other Medications in**  
**Opioid Treatment Programs**  
**Date of Final Award – January 8, 2024**

**Name of Program:** Expanded Hour/Same Day Service for Methadone and Other Medications in Opioid Treatment Programs

**Purpose:**

This Request for Proposal (RFP) was issued by the New Jersey Department of Human Services (DHS), Division of Mental Health and Addiction Services (DMHAS), to rebid a contract for the Expanded Hour/Same Day Service to Methadone and Other Medications in Opioid Treatment Programs (OTPs) initiative. This RFP is funded through the Substance Abuse and Mental Health Services Administration’s (SAMHSA) State Opioid Response (SOR) grant. The Expanded Hour/Same Day Service OTPs initiative includes services to provide low threshold, on-demand Medication Assisted Treatment (MAT) followed by treatment or referral to ongoing care for individuals with an opioid use disorder (OUD). These services create access to treatment by removing traditional barriers such as service hours. The Expanded Hour/Same Day Service OTPs will provide same-day access to treatment for individuals with an OUD with or without co-occurring mental health and/or physical health disorders. Services will include medical screening and facilitated referral; behavioral health assessment; medications for treatment of OUD including, methadone and buprenorphine; case management services; brief intervention; and treatment and/or facilitated referral to ongoing treatment. Providers will have naloxone available at all times. DMHAS awarded one contract in the total amount of \$800,000.
