**Take notice** that pursuant to N.J.S.A. 52:14B-5.1, the rules at N.J.A.C. 10:73, Case Management Services, will expire on November 8, 2013. The Case Management Services rules provide the standards for approval of case management services providers as independent providers of services, within their licensed scope of practice, to New Jersey Medicaid/NJ FamilyCare fee-for-service beneficiaries. Case management services help individuals access needed mental/behavioral health services in the community, and coordinate and monitor the provision of those services. The goal is to help individuals avoid more intensive services, such as inpatient mental/behavioral health services.

The Department of Human Services has reviewed the rules and has determined them to be necessary, reasonable, and proper for the purpose for which they were

originally promulgated, as required by Executive Order No. 66 (1978). Therefore, pursuant to N.J.S.A. 30:4D-1 et seq. and 30:4J-8 et seq, and in accordance with N.J.S.A. 52:14B-5.1.c(1), these rules are readopted and shall continue in effect for a seven-year period.
