NEEP: Who we are...

The Northeast Environmental Enforcement Project is a professional environmental association dedicated to the growth and the development of its members by providing training, networking opportunities, information, and support services. We accomplish this by facilitating relationships among state, local and federal enforcement authorities; using innovative techniques to provide legal, technical, and investigative training, utilizing leading practitioners to design and present a wide variety of topics of current interests; and encouraging communication through meetings, conferences, and information services.

NEEP Mission Statement

To develop environmental professionals to promote excellence in environmental protection in our region.

NEEP Vision

We envision a Northeast Environmental Enforcement Project with an increasingly strong capacity to deliver high quality training programs, efficient and responsive information services, and professional networking opportunities. We will contribute to making this vision a reality by developing a regional marketing program that promotes the unique services provided by the Northeast Project to its membership.

NEEP Goals

- GOAL #1:
To continue to strengthen and expand NEEP's critical services: Training, Information Sharing, and Networking.
- GOAL #2:
To develop a comprehensive regional marketing effort for NEEP's services.
- GOAL #3:
To develop and strengthen NEEP's funding base and to build a reserve fund.
