NOTE 1 - ORGANIZATION AND BASIS OF PRESENTATION

Showboat Atlantic City Operating Company, LLC (the "Company"), is a wholly-owned subsidiary of Ocean Showboat, Inc. ("OSI"), which is a wholly-owned subsidiary of Showboat Holding, Inc. ("SHI"). SHI is a wholly owned subsidiary of Harrah's Operating Company, Inc. ("HOC"). OSI is a holding company with its principal assets being investments in the Company and other subsidiaries. OSI is an indirect wholly owned subsidiary of Harrah's Entertainment, Inc. ("Harrah's"). The Company conducts casino gaming operations and operates full supportive services of hotel, restaurant, bar and convention facilities at the Showboat Hotel and Casino in Atlantic City, New Jersey ("Atlantic City Showboat").

On January 28, 2008, Harrah's was acquired by affiliates of Apollo Global Management, LLC and TPG Capital, LP. hereinafter referred to as the "Merger." Prior to the Merger, Atlantic City Showboat, Inc. (the "Predecessor Company") operated and owned the Showboat Hotel and Casino. The Predecessor Company was an indirect, wholly-owned subsidiary of HOC, which is a direct wholly-owned subsidiary Harrah's.

In conjunction with the Merger, the Predecessor Company, along with five affiliates, was spun off from HOC for the purpose of obtaining financing in the form of commercial mortgaged-backed securities ("CMBS") in order to effect the Merger. A series of transactions, hereinafter referred to as the "Restructuring", were executed that, among other things, dissolved the Predecessor Company and liquidated its assets, net of liabilities, to various affiliates and created the Company. CMBS financing was obtained by subsidiaries of OSI.

On May 22, 2008, two additional affiliates and their related operating assets were spun out of HOC to Harrah's and the Company, along with one of the original five affiliates, was transferred to HOC from Harrah's as contemplated under the debt agreements effective pursuant to the Merger. An additional series of transactions, hereinafter referred to as the "Post-Closing Restructuring", were executed that, among other things, contributed the CMBS financing to Harrah's and released the Company from the CMBS financing liabilities and created SHI and merged Showboat, Inc. ("SBO"), into SHI. Prior to the Post-Closing Restructuring, OSI was a wholly-owned subsidiary of SBO.

The Company is licensed to operate the facility by the New Jersey Casino Control Commission (the "CCC") and is subject to rules and regulations established by the CCC. The Company's license was renewed July 1, 2008 and will expire on June 30, 2013.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation - The accompanying consolidated financial statements include the account balances of OSI and its wholly-owned subsidiaries. As a result, all material intercompany transactions and balances have been eliminated in consolidation.

Allowance for Doubtful Accounts - The Company reserves an estimated amount for receivables that may not be collected. The methodology for estimating the allowance includes using specific reserves and applying various percentages to aged receivables. Historical collection rates are considered, as are customer relationships, in determining specific allowances. As with many estimates management must make judgments about potential actions by third parties in establishing and evaluating the allowance for bad debts.

Inventories - Inventories, which consist primarily of food, beverage, and operating supplies, are stated at the lower of average cost or market value.

Land, Buildings and Equipment - As a result of the application of purchase accounting, land, buildings and equipment were recorded at their estimated fair values and useful lives as of the Merger date. Additions to land, buildings, and equipment are stated at cost, including capitalized interest on intercompany funds used to finance construction calculated at Harrah's overall weighted-average borrowing rate of interest.

Improvements that extend the life of the asset are capitalized. Building improvements are depreciated over the remaining life of the building. Maintenance and repairs are expensed as incurred.

ATLANTIC CITY SHOWBOAT, INC.
NOTES TO FINANCIAL STATEMENTS
(Unaudited)
(Dollars in Thousands)

Depreciation is provided using the straight-line method over the shorter of the estimated useful life of the asset or the related lease term, as follows:

Land improvements	12 years
Buildings and improvements	5 to 40 years
Furniture, fixtures and equipment	3 to 12 years

The Company reviews the carrying value of land, buildings, and equipment for impairment whenever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. If undiscounted expected future cash flows were less than the carrying value, an impairment loss would be recognized equal to an amount by which the carrying value exceeds the fair value of the asset. The factors considered by the Company in performing this assessment include current operating results, trends and prospects, as well as the effect of obsolescence, demand, competition and other economic factors.

Deferred Financing Cost - On January 28, 2008, the subsidiaries of OSI entered into an interest rate cap agreement to partially hedge the risk of future increases in the variable rate of the CMBS debt. The interest rate cap agreement, which was effective January 28, 2008, and terminates February 13, 2013, was for a notional amount of \$646,000 at a LIBOR cap rate of 4.5%.

Costs associated with the issuance of debt were deferred and were being amortized to interest expense over the life of the related indebtedness using the effective interest method.

As a result of the Post-Closing Restructuring, the deferred finance costs and interest rate cap asset were transferred to Harrah's.

Goodwill - The Company had no goodwill recorded in the accompanying consolidated balance sheet as of June 30, 2009 as a result of an impairment charge subsequent to the acquisition date. The Company accounts for goodwill and other intangible assets in accordance with Statement of Financial Accounting Standards ("SFAS") No. 142, *Goodwill and Other Intangible Assets*. The Company performs at least an annual review of goodwill for impairment. The Company completed its annual assessment for impairment in the fourth quarter of 2008 and determined that goodwill had been impaired. A charge of \$53,654 was recorded as a non-operating expense in the consolidated statement of income for the period ending December 31, 2008.

Financial Instruments - The carrying amount of receivables and all current liabilities approximates fair value due to their short-term nature. The fair value of a financial instrument is the amount at which the instrument could be exchanged in a current transaction between willing parties. After giving effect to their allowances, the Casino Reinvestment Development Authority ("CRDA") bonds and deposits approximately reflect their fair value based upon their below-market interest rates.

Revenue Recognition - Casino revenues consist of the net win from gaming activities, which is the difference between gaming wins and losses. Food, beverage, rooms and other revenues include the aggregate amounts generated by those departments.

Total Rewards Program Liability - The Company's loyalty program, Total Rewards, offers incentives to customers who gamble at certain of the affiliated casinos throughout the United States of America. Under the program, customers are able to accumulate, or bank, Reward Credits over time that they may redeem at their discretion under the terms of the program. The Reward Credit balance will be forfeited if the customer does not earn a Reward Credit over the prior six-month period. As a result of the ability of the customer to bank the Reward Credits, the Company accrues the expense of Reward Credits, after consideration of estimated breakage, as they are earned. The estimated cost to provide Reward Credits is expensed at the property where they are earned and is included in casino expenses in the consolidated Statements of Income. To arrive at the estimated cost associated with Reward Credits, estimates and assumptions are made regarding incremental marginal costs of the benefits, breakage rates, and the mix of goods and services for which Reward Credits will be redeemed. The Company uses historical data to assist in the determination of estimated accruals. At June 30, 2009 and 2008, \$3,126 and \$3,287, respectively, was accrued for the cost of anticipated Total Rewards credit redemptions.

In addition to Reward Credits, customers can earn points based on play that are redeemable in cash ("cash-back points"). The Company accrues the cost of cash-back points, after consideration of estimated breakage, as they are earned. The cost is recorded as contra-revenue and included in Casino promotional allowances in the accompanying statements of income. At June 30, 2009 and 2008, the liability related to outstanding cash-back points, which is based on historical redemption activity, was \$475 and \$784, respectively.

NOTES TO FINANCIAL STATEMENTS

(Dollars in Thousands)

Casino Promotional Allowances - Casino promotional allowances consist of the retail value of complimentary food and beverages, accommodations, admissions and entertainment provided to casino patrons. Also included is the value of the coupons redeemed for cash and gaming credits at the property. The estimated costs of providing such complimentary services are classified as casino expenses in the accompanying statements of income. These costs consisted of the following at June 30:

	2009	2008
Food and Beverage	\$ 12,327	\$ 13,549
Rooms	4,605	5,116
Other	801	1,520
Bus Program Cash	3,988	7,878
Promotional Gaming Credits	17,080	-
Other Cash Complimentary	7,575	24,109
	\$ 46,376	\$ 52,172

Income Taxes - The Company accounts for income taxes under SFAS No. 109, Accounting for Income Taxes, whereby deferred tax assets and liabilities are recognized for the expected future tax consequences of events that have been included in the financial statement or income tax returns. Deferred tax assets and liabilities are determined based on differences between financial statement carrying amounts of existing assets and liabilities and their respective tax bases, using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

The Company adopted the provisions of FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes – an interpretation of FASB Statement No. 109" ("FIN 48"), on January 1, 2007.

Use of Estimates - The preparation of these financial statements in conformity with generally accepted accounting principles requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from these estimates.

Seasonal factors - The Company's operations are subject to seasonal factors and, therefore, the results of operations of the six months ended June 30, 2009 are not necessarily indicative of the results of operations for the full year.

NOTE 3 - RELATED PARTY TRANSACTIONS

The Company participates with HOC and Harrah's other subsidiaries in marketing, purchasing, insurance, employee benefit and other programs that are defined and negotiated by HOC on a consolidated basis. The Company believes that participating in these consolidated programs is beneficial in comparison to the terms for similar programs that it could negotiate on a stand-alone basis.

Cash Activity with Harrah's and Affiliates - The Company transfers cash in excess of its operating and regulatory needs to Harrah's on a daily basis. Cash transfers from Harrah's to the Company are also made based upon the needs to the Company to fund daily operations, including accounts payable and payroll, as well as capital expenditures. No interest is earned on the amount shown as due from affiliates, net, in the accompanying balance sheets.

Atlantic City Country Club - Atlantic City Country Club 1, LLC ("ACCC") is a wholly owned subsidiary of Bally's Atlantic City ("Bally's"), an affiliate of the Company. The net operating costs of ACCC are allocated to the Company and Bally's as well as Caesars Atlantic City and Harrah's Atlantic City, also affiliates of the Company. The Company was charged approximately \$109 and \$125 for these costs for the six months ended June 30, 2009 and 2008, respectively. The costs are included in other operating expenses in the accompanying statements of income.

Administrative and Other Services - The Company is charged a fee by HOC for administrative and other services (including consulting, legal, marketing, information technology, accounting and insurance). The Company was charged approximately \$7,996 and \$10,193 respectively for these services for the six months ended June 30, 2009 and 2008. These fees are included in charges from affiliates other than interest in the statements of income.

Rental Agreement - The Predecessor Company leased 10½ acres of Boardwalk property in Atlantic City, New Jersey for a term ending in 2082 from an affiliate. Annual rent payments, which were payable monthly were adjusted annually based upon changes in the Consumer Price Index. The Predecessor Company was responsible for taxes, assessments, insurance and utilities. Rent expense under this lease for the six months ended June 30, 2008 was \$968. The rent is included in charges from affiliates other than interest in the statements of income.

As a result of the Restructuring, on January 28, 2008, the property was transferred to the Predecessor Company from the affiliate and the lease was cancelled.

NOTE 8 – NOTE PAYABLE TO AFFILIATE

On May 18, 1993, SBO issued \$275,000 of 9¼% First Mortgage Bonds ("9¼% Bonds") and subsequently loaned approximately \$215,000 of the proceeds to the Company evidenced by an intercompany note with terms and conditions consistent with those of the 9¼% Bonds. Subsequent to the acquisition of SBO by Harrah's on June 1, 1998, Harrah's completed tender offers and consent solicitations for SBO's 9¼% Bonds. As a result of the receipt of the requisite consents, Harrah's eliminated or modified substantially all of the negative covenants, certain events of default and made other changes to the respective indentures governing the 9¼% Bonds.

On January 15, 1999, the Company entered into a \$500,000 promissory note (the "Promissory Note") with HOC. The debt terms were consistent with the provisions of third-party credit agreements arranged by HOC. Interest was payable semiannually at a rate of 7½%.

On March 12, 2003, both the 9¼% Bonds and the Promissory Note were assigned by their respective holders to Harrah's Entertainment Limited ("HEL"). The terms and amounts of the debt were not affected by this assignment. As of December 31, 2007, accrued interest was approximately \$4,782. Prior to December 31, 2003, accrued interest was paid by the Company on a monthly basis. However, for

subsequent tax years, interest payments were remitted annually. Because the 9¼% Bonds and the 7½% Promissory Note were due to an affiliate, a determination of fair value was not considered meaningful.

As a result of the Restructuring, HOC and SBO contributed the promissory notes to the Predecessor Company. The Predecessor Company then transferred the promissory note to HEL in satisfaction of its payable to HEL.

NOTE 9 – OTHER LIABILITIES

Other Liabilities as of June 30 consisted of the following:

NOTE 11 – COMMITMENTS AND CONTINGENCIES

Litigation - The Company is involved in various claims and legal actions arising in the ordinary course of business. In the opinion of management, these matters will not have a material effect on the Company’s financial position or results of operations.

CRDA Investment Obligation - The New Jersey Casino Control Act provides, among other things, for an assessment of licenses equal to 1.25% of their gross gaming revenues in lieu of an investment alternative tax equal to 2.5% of gross gaming revenues. The Company may satisfy this investment obligation by investing in qualified eligible direct investments, by making qualified contributions or by depositing funds with the CRDA. Funds deposited with the CRDA may be used to purchase bonds designated by the CRDA or, under certain circumstances, may be donated to the CRDA in exchange for credits against future CRDA investment obligations. CRDA bonds have terms up to 50 years and bear interest at below-market rate. The Company includes CRDA investment bonds and funds on deposit in Investments, Advances, and Receivables in the accompanying balance sheets totaling \$21,344 and \$23,147, respectively, at June 30, 2009 and \$22,799 and 20,396 respectively, at June 30, 2008. The Company records charges to operations to reflect the estimated net realizable value of its CRDA investment.

The estimate for Valuation Allowance for the CRDA Bonds considered guidance primarily under FAS 115 “Accounting for Certain Investments in Debt and Equity Securities,” FASB SOP FAS 115-1/124-1 “The Meaning of Other-than-temporary Impairment and its Application to Certain Investments” and FAS 157 “Fair Value Measurements.” Since there is no market for the bonds issued through the

CRDA, initial obligation deposits are marked down by 33% to represent their fair value and eventual expected conversion into bonds by the CRDA. Once CRDA Bonds are issued we have concluded that the bonds are held-to-maturity due to their nature. The bonds held by the Company through CRDA are held to maturity since the Company has the ability and the intent to hold these bonds to maturity and under the CRDA, they are not permitted to do otherwise. As such the CRDA Bonds are measured at amortized cost.

The Company also considered whether any impairment indicators were present for its CRDA bonds that would indicate whether the CRDA Bond's fair value was less than its cost. As noted above, there is no market for the CRDA Bonds and as such its fair value could only be determined based on unobservable inputs. Such inputs are limited to the historical carrying value of the CRDA Bonds that are reduced, consistent with industry practice, by 1/3 of their face value at the time of issuance to represent fair value and amortizes the cost subsequent to that date. The discount for the bonds is being amortized over the remaining life of the bonds.

The Atlantic City casino properties (the "AC Industry") and the CRDA have entered into agreement with the New Jersey Sports & Exposition Authority (the "NJSEA") to provide funding to subsidize New Jersey's horseracing industry. In exchange for this funding, the NJSEA and the three active New Jersey racetracks will not conduct any casino gaming at the racetracks prior to January, 1 2009. As part of the agreement, the AC Industry provides \$34,000 over a four year period to the NJSEA and must deposit another \$62,000 in the Casino Expansion Fund (managed by the CRDA). The \$62,000 will be derived from funds either currently on deposit or to be deposited with the CRDA pursuant to each casino property's investment obligation. The Company's obligation is equal to its fair-share of AC Industry casino revenues which is \$ 2,807. The Company's obligation was being charged to operations on a straight line basis through June 30, 2008. Once the Company meets its deposit obligation related to its fair share of the \$62,000, the Company is eligible to receive funds from the Casino Expansion Fund for qualified construction expenditures. The Company has until June 30, 2014 to submit an application to exhaust its share of the Casino Expansion Fund. Any funds not transferred out of the Casino Expansion Fund by the required date will be transferred to funds on deposit with the CRDA pursuant to its ongoing investment obligations.

In August 2008, the AC Industry entered into a new agreement with the NJSEA that will provide \$90 million in funding to subsidize New Jersey's horseracing industry. The funding will be provided in installments through 2011. In exchange for this funding, the NJSEA and the three active New Jersey racetracks will not conduct any casino gaming at the racetracks prior to December 31, 2011. The Company's obligation is equal to its fair-share of AC Industry casino revenues. The Company's estimated obligation is \$ 7,261. The total commitment will be charged to operations on a straight line basis beginning January 2009 through December 31, 2011.
