Semiannual Public Reports of Aggregate Data on Motor Vehicle Stops

Made by New Jersey State Police ..... A-1

**DEPARTMENT OF LAW AND PUBLIC SAFETY  
OFFICE OF THE ATTORNEY GENERAL**

**INTRODUCTION**

On December 30, 1999, the State of New Jersey and the United States of America agreed upon the terms of a Consent Decree in Civil No. 99-5970 (MLC) (“Consent Decree”). Pursuant to Consent Decree ¶114, the State published nineteen semiannual public reports of aggregated data on motor vehicle stops made by the New Jersey State Police. The State published the first semiannual public report of aggregate data on June 27, 2000 (“First Data Report”) and the nineteenth semiannual public report of aggregate data on August 12, 2009 (“Nineteenth Data Report”). The First Data Report contained information in Motor Vehicle Tables and a Misconduct Investigation Table for the four-month period January 1, 2000 through April 30, 2000. The subsequent data reports contained this information for six-month periods, ending with the Nineteenth Data Report that contained this information for the period November 1, 2008 through April 30, 2009.<sup>1</sup>

In August 2009, the State and the Department of Justice agreed to file a joint motion to terminate the 1999 Consent Decree with the United States District Court. The motion was granted and the an order terminating the Consent Decree was entered by the Court on September 21, 2009. Legislation codifying many of the reforms implemented under the Consent Decree (*N.J.S.A. 52:17B-222 et seq.*) created the Office of Law Enforcement Professional Standards (“OLEPS”) within the Office of the Attorney General, which is to prepare semiannual public reports on New Jersey State Police traffic enforcement activities and procedures. Pursuant to *N.J.S.A. 52:17B-235*, the First OLEPS Data Report contained information in Motor Vehicle Tables and a Misconduct Investigation Table for the two-month period May 1, 2009 through June 30, 2009, as a transition for future OLEPS reports and to continue the publication of aggregate data on motor vehicle stops begun during the 1999 Consent Decree.

This Fourth OLEPS Data Report contains information in Motor Vehicle Tables (Exhibits A-G) and a Misconduct Investigation Table (Exhibit H) for the six-month period July 1, 2010 through December 31, 2010, which is retrievable through presently existing technology and procedures. The Fourth OLEPS Data Report is the third OLEPS report to contain data for a six-month reporting period.

Data are reported in the Fourth OLEPS Data Report using the format of the Eighth Data Report that structured all subsequent public reports. In the Motor Vehicle Tables, the following data for motor vehicle stops are reported by race or ethnicity of driver:

---

<sup>1</sup> Attached as an appendix to this report is a list of all previously published reports of aggregate data, their publication dates and the periods for which they provide information.

A. Stops

1. Moving;
2. Nonmoving;
3. Other.

B. Law Enforcement Procedures (Post-Stop Interaction):

1. "Occupant Exit Vehicle" -- Reports the number of motor vehicle drivers who were requested to exit from the vehicle;
2. "Occupant Protective Frisk (Pat-Down)" -- Reports the number of motor vehicle drivers who were subjected to a protective "pat-down" or "frisk" of their person for weapons;
3. "Occupant Searched" -- Reports the number of motor vehicle drivers who were subjected to a search of their person for evidence of a crime or incidental to their arrest;
4. "Force Deadly" -- Reports the number of motor vehicle drivers who were subjected to deadly force;
5. "Force Physical" -- Reports the number of motor vehicle drivers who were subjected to physical force;
6. "Force Mechanical" -- Reports the number of motor vehicle drivers who were subjected to mechanical force (e.g., baton);
7. "Force Chemical" -- Reports the number of motor vehicle drivers who were subjected to chemical force (e.g., "pepper spray");
8. "Consent to Search Vehicle Requested" -- Reports the number of consensual requests to search a motor vehicle;
9. "Consent to Search Vehicle Conducted" -- Reports the number of consensual motor vehicle searches;
10. "Probable Cause Search of Vehicle Conducted" -- Reports the number of motor vehicle searches supported by probable cause; and
11. "Drug Dog Employed" -- Reports the number of motor vehicle stops during which a drug detecting canine was summoned to the motor vehicle.

C. Dispositions (Summons/Warnings):

1. Summons moving;
2. Summons nonmoving;
3. Warnings moving;
4. Warnings non-moving;
5. Summons moving and warnings moving;
6. Summons non-moving and warnings non-moving;
7. Summons and/or warnings/moving and/or non-moving; and
8. Other.

The Motor Vehicle Tables contain data for each troop and station within the Division of State Police. On these tables, the race or ethnicity of the motorist is listed horizontally and the motor vehicle enforcement action or procedure is listed vertically. More specifically, the vertical axis of the Motor Vehicle Tables lists "Stops," "Law Enforcement Procedures (Post-Stop Interaction)"<sup>2</sup> and "Dispositions."

The data reflect the race or ethnicity of the motorist as observed by the Trooper for motor vehicle stops initiated by the Trooper. The "Stops" and "Dispositions" information was obtained through the Computer Aided Dispatch ("CAD") system.<sup>3</sup> The information regarding summonses and warnings reflects whether a summons or warning was issued in a stop, but not the number of summonses or warnings issued. Under the CAD reporting system, if an arrest occurs and no summons or warning is issued with the arrest, the disposition would be displayed here as "other," along with all "no traffic enforcement" outcomes. The vertical axis of the Motor Vehicle Tables also lists "Law Enforcement Procedures (Post-Stop Interaction)." This information was obtained through input of data recorded on the Motor Vehicle Stop Report, maintained in the State Police Records Management System. State Police procedures require Troopers to complete these reports whenever a law enforcement procedure occurs during a motor vehicle stop. The data here reflect law enforcement procedures in any stop, including those not initiated as such by the Trooper, such

---

<sup>2</sup> Law Enforcement Procedures for units assigned to a troop, but which are not stations (e.g., traffic enforcement units) are aggregated as "other units" assigned to a troop. They are also included in the aggregation of "other [non-station] units" for the Division, along with procedures for any unit not assigned to a troop (e.g., overtime units). In the Division-wide total, the troop-assigned other units are counted once.

<sup>3</sup> In the CAD system, if the race or ethnicity of the driver is not captured in the data for the Trooper initiating the stop, the stop is not included for CAD elements. The total number of Trooper-initiated motor vehicle stops for the current report was 254,492; 253,633 stops are reported here. For the remaining 859 stops (0.3% of the total), race and ethnicity or some other information was not available. Data on race and ethnicity reported for law enforcement procedures are also the Trooper's observation as recorded in Motor Vehicle Stop Reports and in arrest reports.

as motorist aid or accident incidents. The number of total person interactions is reflected, not the number of incidents with a law enforcement procedure of a certain type. Persons may be subject to more than one law enforcement procedure and they are counted in the total for each applicable procedure.

In the case of consent search data, the information was further refined by a review of the underlying consent search reports and supplemental reports themselves. The number of requests seeking consent to search a motor vehicle made by state troopers for the six months comprising this reporting period is 1,080 requests, a decrease of about 13 percent since the previous reporting period.<sup>4</sup> However, the number of requests for consent to search a motor vehicle and the number of consent searches actually conducted by state troopers remain well above the numbers prior to a decision of the New Jersey Supreme Court, maintaining better than a five-fold increase in consent requests over the 186 consent requests reported in the Nineteenth Data Report (November 1, 2008 through April 30, 2009).

In State v. Peña-Flores, 198 N.J. 6 (2009), the New Jersey Supreme Court outlined the circumstances in which law enforcement officers in New Jersey may conduct a search without a warrant under the automobile exception. The court's decision, in addressing when a warrantless search of an automobile is legally permissible, established the criteria to be used: "(1) the stop is unexpected; (2) the police have probable cause to believe that the vehicle contains contraband or evidence of a crime; and (3) exigent circumstances exist under which it is impracticable to obtain a warrant." 198 N.J. at 28. The total number of probable cause searches reported here is 648 searches, substantially fewer than the 3,306 probable cause searches reported for six months in the Nineteenth Data Report, and fewer than the 786 searches reported in the last report. Thus, the increases in consent requests and consent searches conducted are likely the result of individual state troopers utilizing consent requests as one of the few remaining exceptions to the warrant requirement.

The vertical axis of the Motor Vehicle Tables also lists total criminal arrests and patrol-related arrests as compiled utilizing Uniform Crime Report ("UCR") methodology. The arrest data come from arrest-report computer files. Patrol-related arrests are, in turn, more specifically listed as arrests for drugs, weapons, and "other" patrol-related offenses. The vertical axis also lists arrests for driving under the influence, listed as "DUI." These arrests are all those recorded for the respective unit during the time period, regardless of why the stop was initiated.

---

<sup>4</sup> The total number of stops for the current period is smaller than that for the third reporting period by 9.2 percent, or less than the decrease in consent requests (253,633 stops here versus 283,057 stops previously). The stop volume in this period is more similar to the same six-month period in 2009 reported in the Second OLEPS Data Report, where 258,857 stops were reported.

As required by *N.J.S.A. 52:17B-235*, Exhibit H<sup>5</sup> contains misconduct investigation data on a statewide basis from the Office of Professional Standards. Exhibit H reports whether an investigation was initiated by an internal (i.e., from a State Police member) or external (i.e., from a citizen who is not a State Police member) complaint. The most serious allegation is listed under “complaint classification” and it is the status of this allegation recorded under “disposition.” Thus, the numbers represent misconduct cases, but not all allegations associated with them. This exhibit reports misconduct investigations initiated on or after July 1, 2010, and does not reflect the progress of investigations previously initiated. Exhibit H reflects the progress of these misconduct investigations over the period July 1, 2010 through December 31, 2010. Exhibit H lists the categories of violations vertically and then their dispositions horizontally. Generally, the violations comprising the “other” category are less serious complaints. In this Fourth OLEPS Data Report, the dispositions are listed under the following categories:

“Substantiated”  
“Unfounded”  
“Exonerated”  
“Insufficient Evidence” and  
“Administratively Closed”

The State adheres to the principles underlying the Consent Decree, and commits substantial resources and effort, by members of the Department of Law and Public Safety and the New Jersey State Police. The State remains committed to continuing the progress in producing these data in the spirit of the Consent Decree as codified now in *N.J.S.A. 52:17B-235*.

Dated: August 2011

---

<sup>5</sup> This exhibit was “Exhibit H” in reports prior to the Eleventh Data Report, when the separate exhibit for the Community Partnerships Troop was added. For the Eleventh through the Fourteenth Reports, this exhibit was “Exhibit I.” See Appendix for details and effective dates.

Fourteenth Semiannual Public Report of Aggregate Data ("Fourteenth Data Report")	December 28, 2006	May 1, 2006 - October 31, 2006
Fifteenth Semiannual Public Report of Aggregate Data ("Fifteenth Data Report")	June 28, 2007	November 1, 2006 - April 30, 2007
Sixteenth Semiannual Public Report of Aggregate Data ("Sixteenth Data Report")**	January 14, 2008	May 1, 2007 - October 31, 2007
Seventeenth Semiannual Public Report of Aggregate Data ("Seventeenth Data Report")***	July 25, 2008	November 1, 2007 - April 30, 2008
Eighteenth Semiannual Public Report of Aggregate Data ("Eighteenth Data Report")	January 23, 2009	May 1, 2008 - October 31, 2008
Nineteenth Semiannual Public Report of Aggregate Data ("Nineteenth Data Report")	August 12, 2009	November 1, 2008 - April 30, 2009
First Public Report of Aggregate Data Prepared by Office of Law Enforcement Professional Standards ("First OLEPS Data Report")	April 2010	May 1, 2009 - June 30, 2009
Second Public Report of Aggregate Data Prepared by Office of Law Enforcement Professional Standards ("Second OLEPS Data Report")	December 2010	July 1, 2009-December 31, 2009
Third Public Report of Aggregate Data Prepared by Office of Law Enforcement Professional Standards ("Second OLEPS Data Report")	August 2011	January 1, 2010-June 30, 2010

## Endnotes

\* Effective January 8, 2005, the Community Partnerships Troop (Troop CP) was created within the Field Operations Section. Data for the troop are displayed separately, as of the Eleventh Data Report (Exhibit F). However, no separate arrest data are available as all arrest reports are filed exclusively with the respective community jurisdictions. In previous reports, the data for the Initiative were included with those for "Other Units." Effective May 13, 2006, during the Fourteenth Data Report time period, the Community Partnerships Troop was dissolved. The Operations South Unit became the Metro South Unit in Troop A and the Operations North Unit became the Metro North Unit in Troop B. The stop data are aggregated either in the Community Partnership Troop, or in Troops A and B, accordingly. In October 2005, Troop E Holmdel Station moved to a new station and is now known as "Sayreville/Holmdel" substation; the data reported are comparable to those previously published for Holmdel Station. On April 12, 2008, Allenwood Station was dissolved. Data presented in the Seventeenth Report for Allenwood Station reflected the reporting period through April 11, 2008.

\*\* In the Sixteenth Data Report, the CAD data for two stations (Atlantic City Expressway and Atlantic City Airport) incorporated data from NJSP's new CAD system for the period from July 16, 2007, the new system's implementation date in those stations, through October 31, 2007, the end of the sixteenth reporting period. On January 23, 2008, the remaining stations in Troop A were brought on-line for the new CAD system, followed by all of Troop C on April 14, 2008. Troops D and E were brought online on May 15, 2008, after the beginning of the eighteenth reporting period. The new CAD was implemented in Troop B on June 18, 2008. The data presented in the Eighteenth Data Report were thus aggregated from both the old and new CAD systems. The data presented in the Nineteenth Data Report were the first to be reported only from the new CAD system. Prior to the Seventeenth Data Report, data reports routinely excluded about one percent of stops because the race or ethnicity of the driver was not available. In the Seventeenth and Eighteenth Data Reports, the high proportion of excluded stops because of incomplete race and ethnicity were attributable to stations acclimating to the new CAD system. With full implementation of the new CAD reflected in the Nineteenth Data Report, the percentage of excluded stops has returned to pre-Seventeenth Data Report levels. (Law enforcement procedure data are unaffected by the implementation of the new CAD system.)

\*\*\* On January 1, 2008, NJSP implemented enhanced data entry for Motor Vehicle Stop Report data in its Record Management System. Data reported in the Seventeenth Data Report aggregate information entered in both the old and the new protocols. Beginning with the Eighteenth Data Report, all post-stop interaction data are reported from the new protocol.
