CEO's Message

*Elizabeth Schiff-Heedles, LNHA
 Chief Executive Officer*

We have had a very busy last couple of months here at the Veterans Home.

In May, our Home celebrated National Nursing Home Week. The week started off with a celebration of our women Residents on Mother's Day where the Recreation Department handed out beautiful silk corsages and provided entertainment for families visiting with Mom. The Administrative staff provided a Staff Appreciation Breakfast, a BBQ and a Resident/Staff Ice Cream Social where the staff and Residents were able to enjoy a sundae and each others company. The week ended with a Patriotic Music Celebration of Armed Forces Day.

Our Annual Memorial Day Remembrance took place on Monday, May 27th starting with our Memorial Day Ceremony to remember our Residents who passed the previous year. It was a very solemn occasion where family members, staff and volunteers laid a red carnation as their loved ones' names were called. I was honored to be a part of this moving ceremony. Following the ceremony, Residents and guests enjoyed an outdoor BBQ and the weather couldn't have been more perfect. Thank you to the Food Service, Recreation, Nursing, Housekeeping and Maintenance Departments for making this event run so smoothly.

On Thursday, June 6th the 75th Anniversary of D-Day was observed. A group of our Residents headed down to the WWII Memorial in Trenton for the 75th Anniversary D-Day Commemoration Ceremony. It was a poignant ceremony in which the Residents said they were so happy to be able to be a part of. Governor Murphy was there to shake the hands of our Veterans and thank them for their service. News 12 and NBC News spoke some of our Veterans as they recalled their experience of D-Day.

Warmest Regards,
 Liz

Memorial Day 2019 Observed

Governor Phil Murphy thanking WWII Veteran George Husjoke for his service at the D-Day 75th Anniversary Ceremony in Trenton. Photo courtesy Mark C. Olsen, DMAVA

SOCIAL SERVICES

Patrick Maholick, MSW
Director of Admissions/Social Services

Summer is here once more. The warmth almost makes our bones feel young again. Some of us might forget, however, that in order to maintain this feeling of well being, we should not give in to too many of the temptations that confront us. Here at Menlo Park, Summer is a time of frequent outings and cookouts. In fact, I'm sure residents have more opportunities to participate in summer activities than in earlier years when they had limited leisure time. Residents no longer need to be concerned about whether they can "get away from work," but about which activity they would like to participate in. Residents have equal rights to participate in facility activities to the limits that any individual has the physical capacity to do so and the activity has the capacity to accommodate. Outings are often more limited than activities such as cookouts that take place here on grounds. Transportation of persons in wheelchairs and capacity of the residents who wish to go.

Trip sign ups are done well in advance of any outing. The Recreation Department tries to give as many residents the opportunity to participate in outings as possible. Sometimes it seems as though "the same people" are always going. There are limitations on how many people we can take on trips. If there are cancellations and there is room at the time of departure, "these same people" may be available to go. Make sure you sign up with your Recreation Assistant to be placed on the trips of your interest.

Etiquette is a part of common sense and part consideration for your fellow Residents. It is "do unto others as we would have others do unto us." We were all taught good manners. Sometimes, however we can forget what we learned. Shared meals such as at outings, picnics and daily, in our dining room are occasions when we definitely should make an effort to follow the rules of etiquette.

- Be courteous to residents around you. Refrain from loud talking, foul language, arguing with others (this pertains to staff and guests as well).
- Refrain from taking food away from other trays even if your neighbor seems to have finished eating. Be mindful of infection control practices (do not take urinals to the dining room, cover your mouth while coughing or sneezing, do not place handkerchiefs on the dining table, discard tissues properly).
- If you must discuss business matters with staff, do so in private.

Observance of these common sense practices, etiquette, if you will, might take a bit more effort but can make mealtimes, outings, and all special events more enjoyable for every one. It is not always easy to extend oneself when some people about you are being discourteous and inconsiderate, but we are all obliged to start with ourselves. Didn't "Mom" tell us that good manners are contagious?

Welcome New Residents

Memorial Day

Memorial Day, originally called Decoration Day, is a day of remembrance for those who died in service defending the freedom of the United States of America. While Waterloo N.Y. was officially declared the birthplace of Memorial Day

by President Lyndon Johnson in May 1966, it's difficult to prove conclusively the origins of Memorial Day.

Memorial Day was born out of the Civil War and a desire to honor our dead. It was officially proclaimed on May 5, 1868 by General John Logan, National Commander of the Grand Army of the Republic, in his General Order #11. The 30th of May is designated for the purpose of strewing with flowers, or otherwise decorating the grave of comrades who died in the defense of our country.

The first state to officially recognize the holiday was New York in 1873. By 1890 Memorial Day was recognized by all of the northern states. The South refused to acknowledge the day, honoring their dead on separate days until after World War 1 (when the holiday changed from honoring just those who died fighting in the Civil War to honoring Americans who died fighting in any way).

It is up to each of us to teach the next generation the meaning of Memorial Day. They need to learn our history and the sacrifices that have been made for the freedoms they enjoy. Each quarter here at NJ Veterans Memorial Home at Menlo Park we have a memorial service "Remembering Our Veterans and Spouses of Veterans." In April 2019 we honored fifty-two Veterans and Spouses of Veterans. The Administration and Pastoral Care Department was honored to serve over forty family members present. As we remember our US Military Service Members this month, I encourage you to be thankful for the sacrifice of the men and women that served our country.

May God Bless You and the United States of America!

BACK TO THE BILLIARDS

Karen Shanley, STPA

Joe Spicer of the Freedom Unit and Anthony Parisi of the Independence Unit approached me about creating a Trip to go..... play pool at the billiard hall. They joked around how they played back in the day and how they were Pool Sharks!!

So as we always try to accommodate the Residents, I did some research, and within less than 2 miles I found a Pool Hall. It started off with just 3 residents signing up for the trip and by the time we went, we had 6 pool players.

The first hour was a bit overwhelming for the "sharks," they were a bit surprised that the game was now much more difficult to play. Joe Spicer had purchased his own Pool Stick and Case at Walmart. He put his stick away and with a disappointed look in his eyes, said, "I can't play pool anymore." Tony Parisi, as well, said the game was too hard to play without being able to stand up. David Dicks and George Husjoke were doing very well, and the others enjoyed just being in the billiard hall.

The owner came over and said he had a special surprise for the Veterans. He arranged for "Earle The Pearl" a 6 time World Champion in Pool to chat with the guys. He then showed off his Pool Shark talents for about an hour!! He shot 14 balls at one time and then spun the balls and continued to entertain the guys with other tricks.

This made for a great afternoon...considering we were going to leave after just a short visit at the Pool Hall.

TO FEEL THE EARTH

Denise Lima-Laskiewicz, ADC

In the past month you will notice that the residents on the Old Glory Unit and the Stars and Stripes Unit have been working with plants. You will also notice that in each of the courtyards on the Old Glory Unit and the Stars and Stripes Unit there are raised flower beds. The raised flower beds are being maintained by the Master Gardeners from Rutgers University. It was designed for the residents and family members to enjoy the flowers on a beautiful spring day.

Several weeks ago, the Master Gardeners invited the residents outside to plant the flowers on the raised flower beds in the Old Glory Unit and the Stars and Stripes Unit courtyards. The residents were able to enjoy the nice weather and reminisce about gardens that they planted in their lives. At the same time the residents were able to get their hands covered in dirt while the plants were laid in the ground.

Getting one's hands covered in dirt and planting plants is therapeutic for the residents who live on the Old Glory Unit and live on the Stars and Stripes Unit. It is healthy for the residents to work in the garden because the physical activity is stimulating. Also, it maintains flexibility and mobility and increases the levels of physical activity. Gardening is also mentally stimulating which engages the residents' in reminiscing, conversation, and socializing. Any individual who suffers from any form of dementia reaps the benefits of the mental stimulation that gardening provides.

The Master Gardeners will be visiting the Old Glory Unit and the Stars and Stripes Unit ever Tuesday, early in the morning. If the weather is not cooperative then the program will be held in doors. The Master Gardeners will be on the Old Glory Unit at approximately 9:30 am in the morning and on Stars and Stripes at 10:30 am.
