EXPLANATION

This vehicle has failed inspection.

If this vehicle is not presented within 45 days from today, it may be subjected to another complete inspection. However this vehicle must pass inspection by 11/30/2005 at any facility, or it may be subjected to registration suspension.

It has passed safety inspection.

RETAIN THIS DOCUMENT FOR USE ON REINSPECTION.

Vehicles that fail the Emissions Inspection may be eligible for warranty coverage for the required repairs. Vehicle manufacturers are required by federal law to provide Emissions Warranties for at least eight (8) years or eighty thousand (80,000) miles. Warranty coverage may vary depending upon vehicle make and model year. For further information, refer to the Emissions Warranty section of the vehicle owner's manual.

This vehicle has failed the enhanced emissions test. REPAIRS MUST BE MADE TO PASS REINSPECTION OR QUALIFY FOR A WAIVER. All emissions-related repairs performed must be documented by the Emissions Repair Facility. This inspection report, the Emissions Repair Form, and copies of the repair receipts must be made available to the inspection facility at the time of reinspection.

In order for a vehicle to receive an emissions inspection waiver the following requirements must be met.

1. REPAIRS MUST BE APPROVED BY A CERTIFIED REPAIR TECHNICIAN AT A REGISTERED EMISSIONS REPAIR FACILITY
2. Emissions-related repair expenditures must exceed the waiver threshold amount.
3. The Repair Data Form and copies of the repair receipts must be presented to the inspection facility.
4. Repairs must be performed no earlier than 60 days prior to the initial inspection.
5. The vehicle must pass an emissions idle test.
