

## DISCLAIMER

The NJ Motor Vehicle Commission (MVC) provides the following list of manufacturers whose motorcycles meet Federal Motor Vehicle Safety Standards (FMVSS) and are thereby approved for titling and registration in this State. The listed manufacturers have obtained National Highway Traffic Safety Administration (NHTSA) certification and have been issued a World Manufacturer's Index (WMI). Also, the motorcycles meet standards promulgated by the Federal Environmental Protection Agency (EPA) for Noise Emissions and Exhaust Emissions. All motorcycles must have permanently affixed NHTSA and EPA (2) labels before New Jersey can issue a title and registration. Fully-electric motorcycles will only display a NHTSA label since they have no EPA measurable emissions. Listed below are the currently approved manufacturers whose vehicles can be titled and registered in New Jersey:

**NOTE:** The Manufacturers' List provided by the NJ MVC is intended for informational purposes only. The Manufacturers' List should not be construed as the MVC's endorsement of any manufacturer or motorcycle model contained on the List. The roster is frequently updated to add approved manufacturers.

Motorcycle manufacturers who do not appear on the approved roster may submit a request by clicking on the link below to the NJ MVC [Contact Us](http://www.state.nj.us/mvc/About/ContactEmail.htm) webpage at <http://www.state.nj.us/mvc/About/ContactEmail.htm>.

**STEP 1:** Manufacturers should e-mail their inquiries using the format provided on the webpage indicated above.

**STEP 2:** The MVC will personally contact the manufacturer to request the following information about the motorcycles for which the company is seeking approval to title and register in NJ:

1. A legible (scanned attachment) of both sides of a completed sample of a Manufacturer's Certificate of Origin (MCO).
2. A legible photograph (scanned attachment) of the motorcycle in full profile.
3. A legible photograph (scanned attachment) of the NHTSA label that is permanently affixed to the motorcycle. Please ensure that the name of the manufacturer and the Vehicle Identification Number (VIN) are legible in the photo.
4. A legible photograph (scanned attachment) of the EPA Noise Emissions label that is permanently affixed to the motorcycle (not applicable to fully-electric vehicles).
5. A legible photograph (scanned attachment) of the EPA Exhaust Emissions label that is permanently affixed to the motorcycle (not applicable to fully-electric vehicles).

After conducting a thorough investigation of the scanned documents and photographs, the NJ MVC will contact the manufacturer within 7 business days.
