This Plan will be altered over time, to reflect the municipality's progress toward completing all Plan Conformance activities and to address funding and implementation tasks that carry forward into future years. All such changes will involve a collaborative effort and agreement between the municipality and the Highlands Council. Important in such considerations is the on-going recognition of the voluntary nature of Plan Conformance with respect to the municipality's Planning Area. The Highlands Council may modify, in consultation with the municipality, the above deadlines for completion and may also reallocate the approximate budget costs within the total amount approved. No timeframe will be considered to have begun, however, until the municipality has been provided the tools (including grant funding) with which to accomplish each component of the Plan Conformance program.

Washington Township, Morris County
