Prerequisites: None

- **Recommended Pre-requisite: IS 393a. An Introduction to Hazard Mitigation .**
- <http://www.training.fema.gov/EMIWeb/IS/courseOverview.aspx?code=IS-393.a>

Course objectives:

At the conclusion of this 3-day course, participants should be able to:

- Analyze reasons for differences between optimal and actual mitigation roles of the emergency program manager
- Determine strategies to build support for mitigation planning in the community
- Analyze hard risks for a given scenario
- Propose mitigation strategy for a particular strategy
- Develop a mitigation plan and implementation strategy for a given scenario
- Evaluate the effectiveness of a community's mitigation planning efforts
- Recommend actions to optimize the mitigation role of the emergency program manager

Target Audience:

Local, county and state emergency management personnel responsible for mitigation planning.

Registration Information:

Registration is required: Fill out the application completely and **email it to Michael Anderson at lpandemi@gw.njsp.org**, or **fax it to 609-671-0160**. You will be contacted by email when your application is received. Applications can be found at: http://www.state.nj.us/njoem/programs/pdf/051012_trainingapp.pdf
