NJ OEMS CREDIT 0.0 CEU'S NJDFS CREDIT 0.0 CEU'S NJLMS CREDIT 0.0 CEU'S
EMI awards 2.8 CEUs for completion of this course.

Costs: The training is being offered at **no cost** to eligible participants/jurisdictions. Course materials are provided **free of charge**. Lunch **will not be served**. Time will be allowed for students to go out for lunch or students can bring a lunch. Coffee and beverages are allowed in the classroom

Goal: The goal of the TTT is to introduce G364 Multi-hazard Emergency Planning for Schools course materials to participants and prepare participants to deliver G0364 in New Jersey.

The G364 course is field delivered, and has been developed to be presented nationwide. Participants may have venue specific issues that need to be included in the presentation of material or activities that they feel would be appropriate for their jurisdictions. A worksheet is provided that provides a mechanism for participants to recognize key issues of the course and make venue specific comments that would be useful in course delivery.

COURSE OBJECTIVES:

- Demonstrate an awareness of the G03664 course materials.
- Identify appropriate instructional techniques for the delivery of the G0364 course.
- Identify critical teaching points, participant challenges, and desired outputs for the G0364 course.
- Explain how to coordinate and execute G0364 course deliveries in New Jersey.

Train-the Trainer

Target Audience & Selection Criteria:

The target audience for this course includes school administrators; state and local emergency managers, and first responders. Participants must demonstrate a working knowledge of school planning through experience and training, and must be experienced in adult education

Primary Consideration is given to those directly employed by School Districts in NJ.
