Course Purpose:

The purpose of this course is to develop foundational knowledge of Mass Care and Emergency Assistance services in the community. It is not a "how to" for sheltering. Participants will use this information to build community emergency action items and to identify gaps in the community's program.

Course Objectives

At the end of this course, the students should be able to:

- Define the four (4) primary Mass Care and Emergency Assistance services as discussed in this course.
- Describe how to determine their community's Mass Care and Emergency Assistance service resource requirements.
- Identify providers that exist in their community or can be called upon from a nearby community to meet the requirements for Mass Care and Emergency Assistance.
- Name planning and operational actions that can affect how services will be provided.
- List Action Items to utilize resources and providers to meet Mass Care and Emergency Assistance requirements in their community.
