NJ OEMS CREDIT 16CEU'S NJDFS CREDIT 1.5 CEU'S NJLMS CREDIT Not Applied For CEU'S

Course Purpose:

The Mass Fatality Incident Response course is 2-days in length is designed to prepare response personnel and other responsible professionals to handle a mass fatalities incident effectively by properly caring for the dead and the living—both responders and survivors, and plan at the county or local levels of government.

Course Objectives

At the end of this course, the students should be able to:

- Assess the local Mass Fatalities Annex to determine their jurisdictions' preparedness for a mass fatalities incident.
- Describe the critical operational activities: Notification, staging, search and recovery, morgue operations, media relations, and family assistance.
- Explain how a Family Assistance Center is used to support families and to aid identification of the deceased.
- Identify the requirements to ensure that the psychological needs of mass fatalities responders are addressed.
- Recognize the importance of Critical Incident Stress Debriefings for responders at a mass fatalities incident.
- Identify the resources that are available at the local, State, and Federal levels during a mass fatalities incident.
- Apply the principles of ICS in response to a simulated incident.
