## April 14, 2016 Caesars, Atlantic City

### About the International Center for Assault Prevention (ICAP) and New Jersey Child Assault Prevention (NJ CAP) Project:

ICAP is headquarters of *Child Assault Prevention (CAP)* projects worldwide and works with people who desire to advocate and protect children by starting a CAP project in their local area. ICAP seeks to integrate the best practices and resources of a community in an effort to reduce a child or adolescent’s vulnerability to sexual abuse, bullying, trafficking, and other forms of violence. Its central offices are located at the Educational Information Resource Center in Mullica Hill, New Jersey. As a rights based program, the motto of CAP is:

***“All Children Have the Right to Be Safe, Strong and Free”***

**NJ CAP** is one of ICAP’s model training center. It is a statewide community based prevention program which has been operating in New Jersey schools since 1985. The CAP program seeks to reduce children’s vulnerability to abuse and bullying by providing strength based education to students, parents/guardians and school and community staff. NJCAP supervises 21 county offices and over 200 program facilitators.. Learn more about our New Jersey project at [www.njcap.org](http://www.njcap.org)
