MEMORANDUM

TO: All Law Enforcement Executives

FROM: SDAG Hester Agudosi, Chief,
Prosecutors Supervision & Coordination Bureau

DATE: August 27, 2009

SUBJECT: Alcotest 7110 MK III-C Communication Activation

As you will recall, when the Alcotest 7110 MK III-C was put into service in your agency, you were advised that when the communication capabilities of the instrument were activated a dedicated telephone line would be required as part of that capability. All agencies were advised that it would be their responsibility to have the dedicated telephone line made available.

I am pleased to announce that the New Jersey State Police Alcohol/Drug Testing Unit will begin to enable the communications function in the near future. This will be necessary to test and evaluate the data uploading systems. Therefore, it is important that your agency arrange for the availability of the dedicated telephone line no later than September 25, 2009.

Any specific questions regarding the enabling of the communication function should be directed to the New Jersey State Police Alcohol/Drug Testing Unit at 609-584-5051 Ext 5608.

Thank you for your cooperation in this matter.
