Proposal Number(s): PRN 2015-162

N.J.A.C. 13:690-1.2 General Requirements for Internet and Mobile Gaming

Summary of Proposal A summary of the proposals are posted at:

http://www.nj.gov/oag/ge/proposed_rules.htm

Currently, pursuant to N.J.A.C. 13:690-1.2, General requirements for Internet and mobile gaming, all terms and conditions for Internet or mobile gaming shall be included as an appendix to the internal controls of the licensee addressing all aspects of the operation. These terms and conditions shall include, in part, that an Internet or mobile gaming system may offer games that do not require a wager or payment from a patron's Internet gaming account to patrons who have not exceeded any daily time-based limit, provided that the games comply with certain requirements. One of the requirements is that games other than those approved by the Division that are traditionally played on social networks and may require a payment for certain game features, shall not be fundable or accessible from a patron's Internet gaming account.

The proposed amendment to N.J.A.C. 13:69O-1.2(s) amends the regulation to allow a payment for certain game features from a patron's Internet gaming account provided that the operator provides a clear and conspicuous notice on the initial screen of any social game and in its terms and conditions that such social games are not regulated by the Division.
