AMENDED 4/28/2014

NOTE 1 – ORGANIZATION AND BASIS OF PRESENTATION

Boardwalk Regency Corporation (the “Company”), a New Jersey corporation, is a wholly owned subsidiary of Caesars New Jersey, Inc. (“CNJ”), a New Jersey corporation. The Company owns and operates the casino hotel resort in Atlantic City, New Jersey known as “Caesars Atlantic City”. CNJ is a wholly owned subsidiary of Caesars World, Inc. (“CWI”), a Florida corporation, and CWI is a wholly owned subsidiary of Caesars Entertainment Operating Company, Inc. (“CEOC”) (formerly Harrah’s Operating Company), a direct wholly owned subsidiary of Caesars Entertainment, Inc. (“Caesars”) (formerly Harrah’s Entertainment Inc.). The Company operates in one industry segment and all significant revenues arise from its casino and supporting hotel operations.

The Company is licensed to operate the facility by the New Jersey Division of Gaming Enforcement (the “DGE”) and is subject to rules and regulations established by the DGE. The Company’s license is subject to renewal every five years. The current license expired in July 2013. Application for license renewal was submitted and is pending DGE review.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The Company’s financial statements are prepared in accordance with accounting principles generally accepted in the United States (“GAAP”), which require the use of estimates and assumptions that affect the reported amounts of assets, liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the amounts of revenues and expenses during the reporting periods. Management believes the accounting estimates are appropriate and reasonably stated; however, due to the inherent uncertainties in making these estimates, actual amounts could differ.

Principles of Consolidation - The accompanying consolidated financial statement schedules include the account balances of the Company and its wholly owned subsidiaries. As a result, all material intercompany transactions and balances have been eliminated in consolidation.

Allowance for Doubtful Accounts - The Company reserves an estimated amount for receivables that may not be collected. The methodology for estimating the allowance includes using specific reserves and applying various percentages to aged receivables. Historical collection rates are considered, as are customer relationships, in determining specific allowances. As with many estimates, management must make judgments about potential actions by third parties in establishing and evaluating the allowance for doubtful accounts.

Inventories - Inventories of provisions and supplies are valued at the lower of average cost, or market.

AMENDED 4/28/2014

Long-Lived Assets – The Company has significant capital invested in long-lived assets, and judgments are made in determining the estimated useful lives of assets and salvage values and if or when an asset (or asset group) has been impaired. The accuracy of these estimates affects the amount of depreciation and amortization expense recognized in the Company’s financial results and whether the Company has a gain or loss on the disposal of an asset. The Company assigns lives to its assets based on its standard policy, which is established by management as representative of the useful life of each category of asset.

The Company reviews the carrying value of its long-lived assets whenever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. The Company typically estimates its fair value of assets starting with a "Replacement Cost New" approach and then deducting appropriate amounts for both functional and economic obsolescence to arrive at fair value estimates. Other factors considered by management in performing this assessment may include current operating results, trends, prospects, and third-party appraisals, as well as the effect of demand, competition, and other economic, legal, and regulatory factors. In estimating expected future cash flows for determining whether an asset is impaired, assets are grouped at the lowest level of identifiable cash flows. These analyses are sensitive to management assumptions and the estimates of the obsolescence factors, and changes in the assumptions and estimates, could have a material impact on the analysis and the supplemental consolidated financial statements schedules.

Additions to property and equipment are stated at cost. The Company capitalizes the costs of improvements that extend the life of the asset. The Company expenses maintenance and repair costs as incurred. Gains or losses on the disposition of property and equipment are recognized in the period of disposal. Interest expense is capitalized on internally constructed assets at the applicable weighted-average borrowing rates of interest. Capitalization of interest ceases when the project is substantially complete or construction activity is suspended for more than a brief period of time.

Useful Lives

Land improvements	12 years
Buildings	30 to 40 years
Leasehold improvements	5 to 15 years
Furniture, fixtures, and equipment	2.5 to 20 years

Intangible Assets Other Than Goodwill – Intangible assets other than goodwill represents the customer database with a gross carrying value of \$3,737 and \$106,200 as of December 31, 2013 and 2012, respectively, with accumulated amortization of \$0 and \$43,513 for the twelve months ended December 31, 2013 and 2012, respectively. The customer database was determined to have a 12 year life based upon attrition rates and computations of incremental value derived from existing relationships.

AMENDED 4/28/2014

Impairment of Intangible Assets - Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants in the principle market or, if none exists, the most advantageous market, for the specific asset or liability at the measurement date (referred to as the "exit price"). Fair value is a market-based measurement that should be determined based upon assumptions that market participants would use in pricing an asset or liability, including consideration of nonperformance risk.

We assess the inputs used to measure fair value using the three-tier hierarchy promulgated under GAAP. This hierarchy indicates the extent to which inputs used in measuring fair value are observable in the market.

- Level 1: Inputs include quoted prices in active markets for identical assets or liabilities that are accessible at the measurement date.
- Level 2: Inputs other than quoted prices included in Level 1 that are observable either directly or indirectly, including quoted prices for similar assets in active markets, quoted prices from identical or similar assets in inactive markets, and observable inputs such as interest rates and yield curves.
- Level 3: Inputs that are significant to the measurement of fair value that are not observable in the market and include management's judgments about assumptions market participants would use in pricing the asset or liability (including assumptions about risk).

Our assessment of goodwill and other intangible assets for impairment includes an assessment using various Level 2 (EBITDA multiples and discount rate) and Level 3 (forecasted cash flows) inputs.

Investment in Atlantic City Express Service, LLC "ACES" – In 2006, Caesars Atlantic City and Harrah's Atlantic City together with one other Atlantic City casino (the "Members") entered into an agreement to form Atlantic City Express Service, LLC ("ACES"). The Members each had a 33% interest, this New Jersey limited liability company was formed for the purpose of contracting with New Jersey Transit to operate express rail service between Manhattan, New York, and Atlantic City. ACES suspended services during 2011 and the joint venture agreement terminated, which forced a liquidation of the joint venture's assets. In 2013, the Members each received \$39 in final settlement of the remaining assets.

Fair Value of Financial Instruments - The fair value of a financial instrument is the amount at which the instrument could be exchanged in a current transaction between willing parties. The carrying amount of receivables and all current liabilities approximates fair value due to their short-term nature. After giving effect to their allowances, the Casino Reinvestment Development Authority

("CRDA") bonds and deposits approximately reflect their fair value based upon their below-market interest rates.

Revenue Recognition - Casino revenues are measured by the aggregate net difference between gaming wins and losses, with liabilities recognized for funds deposited by customers before gaming play occurs and for chips in the customers' possession. Food and beverage, rooms, and other operating revenues are recognized when services are performed. Advance deposits on rooms and advance ticket sales are recorded as customer deposits until services are provided to the customer. Sales taxes and other taxes collected from customers on behalf of governmental authorities are accounted for on a net basis and are not included in net revenues or operating expenses.

Total Rewards Program Liability — Caesars' customer loyalty program, Total Rewards, offers incentives to customers who gamble at the Company's property and certain affiliate casinos throughout the United States. Under the program, customers are able to accumulate, or bank, reward credits over time that they may redeem at their discretion under the terms of the program. The reward credit balance will be forfeited if the customer does not earn a reward credit over the prior six-month period. As a result of the ability of the customer to bank the reward credits, the Company accrues the expense of reward credits, after consideration of estimated forfeitures referred to as "breakage", as they are earned. The estimated cost to provide reward credits is expensed as the reward credits are earned and is included in casino expense in the accompanying consolidated statements of operations. To arrive at the estimated cost associated with reward credits, estimates and assumptions are made regarding incremental marginal costs of the benefits, breakage rates and the mix of goods and services for which reward credits will be redeemed. The Company uses historical data to assist in the determination of estimated accruals. At December 31, 2013 and 2012, \$2,808 and \$2,512 respectively, was accrued for the cost of anticipated Total reward credit redemptions. These amounts reside on Caesars' Balance Sheet and thus are included in the due from affiliates balance in the accompanying consolidated balance sheets of the company.

In addition to Reward Credits, the Company's customers can earn points based on play that are redeemable in Non-Negotiable Reel Rewards ("NNRR"). The Company accrues the costs of NNRR, after consideration of estimated breakage, as they are earned. The cost is recorded as contra-revenue and included in casino promotional allowances in the accompanying consolidated statements of operations. At December 31, 2013 and 2012, the liability related to outstanding NNRR, which is based on historical redemption, was approximately \$451 and \$439, respectively.

Casino Promotional Allowances - Casino promotional allowances consist of the retail value of complimentary food and beverages, accommodations, admissions and entertainment provided to casino patrons. Also included is the value of the coupons redeemed for cash at the property. The estimated costs of providing such complimentary services are classified as casino expenses in the

accompanying statements of income. These costs consisted of the following as of December 31, 2013 and 2012:

	<u>2013</u>	<u>2012</u>
Food & Beverage	\$ 28,778	\$ 30,004
Rooms	8,402	8,612

Other Cash Complimentaries	21,790	17,175
	<u>\$ 100,632</u>	<u>\$ 103,519</u>

Gaming Tax — The Company remits weekly to the State of New Jersey a tax equal to 8% of the gross gaming revenue, as defined. Gaming taxes paid to the State of New Jersey for the twelve months ended December 31, 2013 and 2012, which are included in casino expenses in the accompanying consolidated statements of income, were approximately \$26,918 and \$28,526, respectively.

In-House Progressive Liability - In March 2012, the DGE approved regulations which allowed casinos to remove in-house progressives from the floor. Casinos were no longer required to keep in-house progressives, once established on the floor. As a result, the regulations allowed us to remove the liability (reset and incremental portion) from the progressive slot liability account. The offset was an increase to the slot revenue.

City of Atlantic City Real Property Tax Appeals - In 2012, Caesars settled with the City of Atlantic City (the “City”) with respect to their challenges to the real estate tax assessments for each of the tax years 2009 through 2012. Under the settlement terms, the assessments for the Caesars properties were collectively reduced from approximately \$1,699 million to \$1,049 million for the 2012 tax year. Caesars did not give up any rights to appeal future tax years as part of the settlement including an appeal of the tax year 2012 which is pending. The tax settlement, based on the 2012 City tax rate, resulted in a reduction in the tax payment that would otherwise have been due of approximately \$14 million in 2012.

The City of Atlantic City increased property taxes approximately 17% for the year 2013.

Income Taxes - The Company is included in the consolidated federal tax return of Caesars and files a separate New Jersey tax return. The (benefit)/provision for federal income taxes is computed based on the statutory federal rate as if the Company had filed a separate income tax return. The provision for state taxes is based on the statutory New Jersey tax.

Deferred tax assets and liabilities represent the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of a change in existing tax rates is recognized as an increase or decrease to the tax provision in the period that includes the enactment date. The Company follows the provisions of ASC 740-Income Taxes. The Company recognizes interest and penalties accrued related to unrecognized tax benefits in income tax expense.

Use of Estimates - The preparation of these financial statements in conformity with generally accepted accounting principles (GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from these estimates.

Internet Gaming - Caesars Interactive Entertainment New Jersey, LLC as the affiliate of Boardwalk Regency Corporation, was issued an internet gaming permit on November 20, 2013 to conduct real money online gaming in the State of New Jersey. All real money online gaming is reported in the financial statements of Caesars Interactive Entertainment New Jersey, LLC.

Recently Issued Accounting Pronouncements — We do not expect that any recently issued accounting pronouncements will have a material effect on our financial statements.

NOTE 3 - RELATED PARTY TRANSACTIONS

The Company participates with CEOC and its other subsidiaries in marketing, purchasing, insurance, employee benefit and other programs that are defined and negotiated by CEOC on a consolidated basis. The company believes that participating in these consolidated programs is beneficial in comparison to the terms for similar programs that it could negotiate on a stand-alone basis.

Cash Activity with CEOC and Affiliates - The Company transfers cash in excess of its operating and regulatory needs to CEOC on a daily basis. Cash transfers from CEOC to the Company are also made based upon the needs of the Company to fund daily operations, including accounts payable and payroll, as well as capital expenditures. No interest is earned on the amount shown as due from affiliates in the accompanying financial statements.

Atlantic City Country Club - Atlantic City Country Club 1, LLC (“ACCC”) is a wholly owned subsidiary of Bally’s Atlantic City (“Bally’s”), an affiliate of the Company. The net operating costs

AMENDED 4/28/2014

of ACCC are allocated to the Company and Bally's as well as Harrah's Atlantic City and Showboat Atlantic City, also affiliates of the Company. The Company was charged approximately \$98 and \$156 for these costs for the twelve months ended December 31, 2013 and 2012, respectively. The costs are included in other operating expenses in the accompanying statements of income.

Administrative and Other Services - The Company is charged a fee by CEOC for administrative and other services (including consulting, legal, marketing, information technology, accounting and insurance). The Company was charged \$25,431 and \$27,346 for these services for the twelve months ended December 31, 2013 and 2012, respectively. The fee is included in charges from affiliates in the accompanying statements of income.

Equitization of Intercompany Balances - During June 2013, the Company elected to equitize certain intercompany balances with its parent and affiliates that were previously classified as a receivable/liability. The offset to this was Additional Paid in Capital and Retained Earnings. This is shown separately on the Statement of Changes in Stockholder's Equity.

Employee Benefit Plans — Caesars maintains a defined contribution savings and retirement plan that allows employees to make pre-tax and after-tax contributions. Under the plan, participating employees may elect to contribute up to 50% of their eligible earnings (subject to IRS rules and regulations) and are eligible to receive a company match of up to \$600, which was reinstated in 2012. Participating employees become vested in matching contributions on a pro-rata basis over five years of credited service. The Company's contribution expense for the twelve months ended December 31, 2013 and 2012 was \$543 and \$471, respectively.

Caesars maintains several supplemental executive supplemental savings plans ("SERP") to provide additional retirement benefits to a select group of former executives. The expenses charged by Caesars to the Company for employees' participation in these programs are included in the administrative and other services charge discussed above.

Equity Incentive Awards — Caesars maintains equity incentive award plans in which employees of the Company may participate. Caesars allocates an appropriate amount of cost for these awards to each subsidiary where employees participate.

The Company recognized \$16 and \$20 in equity award options for each of the years ended December 31, 2013 and 2012, respectively, and are included in selling, general and administrative within the accompanying statements of income.

Multiemployer Benefit Plans — Certain employees of the Company are covered by union sponsored, collectively bargained, health and welfare plans. The contributions and charges for these

plans were \$11,983 and \$12,079 for the years ended December 31, 2013 and 2012, respectively, and are included in Selling, General and Administrative in the accompanying Statements of Income.

The Company contributes to a number of multiemployer defined benefit pension plans under the terms of collective-bargaining agreements that cover its union-represented employees. The risks of participating in these multiemployer plans are different from a single-employer plan in the following aspects:

- a. Assets contributed to the multiemployer plan by one employer may be used to provide benefits to employees of other participating employers.
- b. If a participating employer stops contributing to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers.
- c. If the Company chooses to stop participating in some of its multiemployer plans, the Company may be required to pay those plans an amount based on the underfunded status of the plan, referred to as a "withdrawal liability".

The Company held investments in two townhouse complexes, both of which are located in Atlantic City, NJ and are collectively referred to as the "CRDA Real Estate". In June 2013, the Company recorded impairments on the CRDA Real Estate in the amount of \$559 reflected in tangible and intangible asset impairments of the accompanying supplemental consolidating balance sheet schedule. In October 2013, Company agreed to sell the CRDA Real Estate to Harbour Pointe Properties, LLC in exchange for \$661 upon expiration of a mandatory 20 year hold period. The sale closed in December 2013.

During the fourth quarter 2013, casino property sales occurred in the Atlantic City market. The pricing of the transactions indicated a substantial decline in market price had occurred for Casinos in Atlantic City. As a result of this triggering event, Caesars determined it was necessary to perform a recoverability test of the carrying amount of the Companies. It was determined the carrying values of the Companies was not recoverable. Therefore, a fair value assessment of the properties was performed. Impairment losses were \$594,059.

During the fourth quarter of 2013, the Company completed its annual assessment of other amortizing intangible assets, as of December 31, 2013, which resulted in impairment charges of \$84,926. These impairment charges were the result of reduced projections associated with these intangible assets within our long-term operating plan.

On July 1, 2006, the note formerly held by CEFC was assigned to CEL. Neither the terms nor the amounts of debt were affected by this assignment. The only notable change resulting from the assignment was a change in the timing of interest payments. Prior to the assignment interest payments were made monthly. However, for subsequent tax years, interest payments will be remitted annually, payable in the following year. As of December 31, 2013 and 2012, accrued interest related to the intercompany note totaled \$261,032 and \$216,974, respectively. Since the note is due to an affiliate, a determination of fair value is not considered meaningful.

The Atlantic City Region consists of Caesars' casino licenses operating in Atlantic City, New Jersey.

NOTE 12 – LEASES

The Company leases equipment used in their operations and classify those leases as either operating or capital leases, for accounting purposes. As of December 31, 2013, the remaining lives of the Company's operating leases ranged from 1 to 2 years. In addition to the minimum rental commitments, certain of our operating leases provide for contingent rentals based on a percentage of revenues in excess of specified amounts.

Jersey tax return.

The tax years that remain open for examination for Caesar's major jurisdictions are 1999 through 2013 for New Jersey due to our execution of New Jersey statute of limitations extensions. The tax years prior to 2010 are no longer subject to examination for U.S. tax purposes.

Significant components of the income tax provision (benefit) for income taxes for the year ended December 31, 2013 is as follows (in thousands):

Income Tax (Benefit) Provision	<u>2013</u>	<u>2012</u>
Current:		
Federal	\$ (9,741)	\$ 5,195
State	<u>(94)</u>	<u>1,643</u>

Deferred	<u>(228,047)</u>	<u>(21,263)</u>
Income tax benefit	<u>\$ (237,882)</u>	<u>\$ (14,425)</u>

The provision for income taxes for the year ended December 31, 2013, differs from the federal statutory rate of 35% primarily due to an increase in federal valuation allowance, state income taxes, the impact of nondeductible expenses, federal tax credits and the accrual for uncertain tax positions. The Company does not have a formal tax sharing agreement in place with its parent entity for federal income tax purposes. Therefore, Caesars reports all of the Company's federal income taxes of which the Company's portion was a benefit of \$12,106 in 2013.

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes.

As of December 31, 2013, the Company had New Jersey net operating loss (NOL) carryforwards of \$41,341. These NOLs will begin to expire in 2029.

Management assesses the available positive and negative evidence to estimate if sufficient future taxable income will be generated to use the existing federal and state deferred tax assets. On the basis of this evaluation, as of December 31, 2013, a valuation allowance of \$48,376 has been recorded against the portion of the federal and state deferred tax assets that are not more likely than not to be realized. The amount of the federal and state deferred tax assets considered realizable, however, could be adjusted if estimates of future taxable income during the carryforward period are reduced or increased.

The Company recognizes interest and penalties accrued related to unrecognized tax benefits in income tax expense. The Company accrued approximately \$2,364 of interest during 2013. In total, the Company accrued \$19,516 for the payment of interest and penalties at December 31, 2013.

It is reasonably possible that the amount of unrecognized tax benefits could decrease within the next

twelve months. Management estimates that the amount of unrecognized tax benefits will decrease by \$20,678 within the next twelve months.

NOTE 14 – COMMITMENTS AND CONTINGENCIES

Litigation – The Company is involved in various claims and legal actions arising in the ordinary course of business. In the opinion of management, these matters will not have a material effect on the Company’s financial position or results of operations.

Insurance Reserve - The Company is self-insured for various levels of general liability coverage. Insurance claims and reserves include the accrual of estimated settlements for known and anticipated claims. Accrued expenses and other current liabilities in the accompanying balance sheets include insurance allowances of \$15 as of December 31, 2013 and 2012. Actual results may differ from these reserve amounts.

CRDA Investment Obligation — The New Jersey Casino Control Act provides, among other things, for an assessment of licenses equal to 1.25% of their gross gaming revenues in lieu of an investment alternative tax equal to 2.5% of gross gaming revenues. The Company may satisfy this investment obligation by investing in qualified eligible direct investments, by making qualified contributions or by depositing funds with the CRDA. Funds deposited with the CRDA may be used to purchase bonds designated by the CRDA or, under certain circumstances, may be donated to the CRDA in exchange for credits against future CRDA investment obligations. CRDA bonds have terms up to 50 years and bear interest at below-market rate.

As of December 31, CRDA related assets were as follows:

	2013	2012
CRDA Bonds — net of amortized costs	\$ 4,153	\$ 4,513
Deposits — net of reserves of \$8,802 and \$10,633	12,706	16,270
Total	\$ 16,859	\$ 20,783

The Company records charges to operations to reflect the estimated net realizable value of its CRDA investment. Charges to operations were \$2,600 and \$2,533 for the twelve months ended December 31, 2013 and 2012, respectively, and is included in CRDA Expense, in the consolidated statements of operations.

The funds on deposits are held in an interest-bearing account by the CRDA. Initial obligation deposits are marked down by approximately 33% to represent their fair value and eventual expected conversion into bonds by the CRDA.

AMENDED 4/28/2014

Once CRDA Bonds are issued, we have concluded that the bonds are held-to-maturity since the Company has the ability and the intent to hold these bonds to maturity and, under the CRDA, they are not permitted to do otherwise. As such, the CRDA Bonds are measured at amortized cost. As there is no market for the CRDA Bonds, its fair value could only be determined based on unobservable inputs. Such inputs are limited to the historical carrying value of the CRDA Bonds that are reduced, consistent with industry practice, by 1/3 of their face value at the time of issuance to represent fair value. The Company accretes such discount over the remaining life of the bonds. Accretion for the twelve months ended December 31, 2013 and 2012 was \$28 and \$47, respectively, and is included in CRDA Expense in the consolidated statements of operations.

After the initial determination of fair value, the Company will analyze the recoverability of the CRDA Bonds on a quarterly basis and its affect on reported amount based upon the ability and likelihood of bonds to be repaid. When considering recoverability of the CRDA Bonds, the Company considers the relative credit-worthiness of each bondholder, historical collection experience and other information received from the CRDA. If indications exist that the amount expected to be recovered is less than its carrying value, the asset will be written down to its expected realizable amount.

All the Atlantic City casino properties (the “AC Industry”) and the CRDA entered into an agreement with the New Jersey Sports & Exposition Authority (the “NJSEA”) to provide funding to subsidize New Jersey’s horseracing industry. This agreement expired on January 1, 2009. The agreement provided that in exchange for funding, the NJSEA and the three active New Jersey racetracks would not conduct any casino gaming at the racetracks prior to January 1, 2009. As part of the agreement, the AC Industry provided \$34,000 over a four year period to the NJSEA and deposited another \$62,000 into the Casino Expansion Fund (managed by the CRDA). The Company’s obligation was equal to its fair-share of AC Industry casino revenues totaling \$2,812, and the Company is eligible to receive funds deposited as a result of this obligation from the Casino Expansion Fund for qualified construction expenditures. The Company has until June 30, 2014 to submit an application to exhaust its share of the Casino Expansion Fund. Any funds not transferred out of the Casino Expansion Fund by the required date will be transferred to funds on deposit with the CRDA pursuant to its ongoing investment obligations.

All the Atlantic City casino properties (the “AC Industry”) and the CRDA entered into an agreement with the Atlantic City Alliance (the “ACA”) to provide funding to subsidize Atlantic City casino marketing. This agreement was signed on November 2, 2011 and is set to expire on December 31, 2016. The agreement provides that in exchange for funding, the ACA will create and implement a marketing plan for the AC Industry. As part of the agreement, the AC Industry provided an initial deposit of \$5,000 in December 2011 and will continue to pay \$30,000 annually for the next five years. The Company’s obligation was \$3,515 for the twelve months ended December 31, 2013. The

Company's obligation for its portion of future payments is estimated at \$10,251, equal to its fair-share of AC Industry casino revenues.

Atlantic City Conference Center - In June 2013, Caesars established, AC Conference NewCo, LLC ("NewCo") to construct and operate a new conference center (the "Project") adjacent to Harrah's Atlantic City. NewCo is a direct wholly owned subsidiary of AC Conference HoldCo, LLC, which is a direct wholly owned subsidiary of Caesars.

Also in June 2013, Caesars signed an agreement with the CRDA regarding a grant for financial assistance in the amount of \$45,000 (the "Project Grant") wherein the CRDA will provide Caesars cash to help fund the construction of the Project. Under the Project Grant, Caesars is obligated to contribute to the CRDA the following:

- \$46,200 of Atlantic City Economic Development Investment Alternative Tax Obligation balances ("Existing Credits"), of which \$1,200 represents a 2.75% administrative fee,
- \$9,500 of CRDA Credits that the CRDA will use towards the construction of the CRDA's marketplace-style retail development project (the "Donation Credits"), and
- Land parcels with an appraised value of \$7,300 on which the CRDA's Marketplace Project will be developed (the Marketplace Parcels).

The gross value of the credits and land parcels described above held by the Companies immediately prior to the transaction were as follows:

Existing Credits

Bally's Park Place, Inc.	\$ 23,000
Boardwalk Regency Corporation	10,600
Harrah's Atlantic City Holding, Inc. and Subsidiaries	7,000
Ocean Showboat, Inc. and Subsidiaries	5,200
	\$ 46,200

Donation Credits

Ocean Showboat, Inc. and Subsidiaries	\$ 9,500
	\$ 9,500

Marketplace Parcels

Bally's Park Place, Inc.	\$ 4,600
Boardwalk Regency Corporation	2,700
	\$ 7,300

In return for the above, the CRDA will deposit \$45,000 into a Project Fund from which Caesars can draw on a pari-passu basis via reimbursements to NewCo based on amounts paid for the Project by NewCo. During 2013, Caesars received \$1,400 in reimbursements from the Project Fund.
