CRACKDOWN REPORT

NEW JERSEY DIVISION OF HIGHWAY TRAFFIC SAFETY

DISTRACTED DRIVING STATEWIDE CRACKDOWN • APRIL 1 – 21, 2016

Driver distraction is one of the most critical traffic safety issues facing our nation. The statistics are alarming. In 2014, 3,179 people were killed nationally in distracted driving crashes and an estimated 431,000 were injured. This injury rate has been steadily rising during the last decade and is in fact up 10% in the last five years.

Distracted driving is any activity that diverts a person's attention away from the primary task of driving. These distractions include texting, using a cell phone, eating and drinking, talking to passengers, grooming, reading (including maps), using a navigation system, watching a video, and adjusting a radio, CD player, or MP3 player. The statistics regarding cell phone use while driving are particularly troubling. At any given daylight moment in the country, approximately 660,000 thousand people are using their cell phone while behind the wheel. In the average month, more than 150 billion text messages are sent in the U.S., many by drivers.

Driver inattention is by far the leading contributing circumstance in motor vehicle crashes in New Jersey. Between 2010-2014 driver inattention was a factor in 738,000 crashes in the state, which is an average of 147,000 per year. During the same period, driver inattention was a contributing factor in 3,571 fatal and incapacitating crashes, which is an average of 714 per year.

In response to these troubling statistics, the NJ Division of Highway Traffic Safety (NJDHTS) carried out a state-wide distracted driving enforcement crackdown from April 1-21, 2016 with the slogan *U Drive. U Text. U Pay.*

April, 2016 was also National Distracted Driving Awareness Month, which was a time to remind New Jersey motorists of the state's distracted driving laws, which include tiered penalties for repeat offenders that can subject violators to a license suspension.

THE RESULTS

NJDHTS invited all 496 police agencies in New Jersey to support the crackdown. Funding limitations did not allow for enforcement grants to be offered, however all agencies were encouraged to participate in order to continue the momentum of the campaign and to build towards what is hoped will be a more extensive, grant-funded effort in 2017.

The *U Drive. U Text. U Pay.* 2016 Distracted Driving Statewide Crackdown resulted in 6,687 summonses for cell phone use/texting and 6,250 for careless driving. In addition, participating police agencies issued 7,878 and 4,834 speeding and seat belt summonses, respectively. The crackdown focused

on distracted driving, but as with all statewide traffic safety initiatives, motorists were reminded of the life saving benefits of proper restraint usage and obeying posted speed limits. It is estimated that more than 3,000 enforcement man-hours were worked during the campaign, which included 47 fixed distracted driving checkpoints.

72% (355) of New Jersey's police agencies participated in the effort. A number of agencies reported significant accomplishments during the crackdown, including 15 agencies which issued more than 75 cell phone use/texting summonses during the three-week campaign.
