

MOBILIZATION REPORT

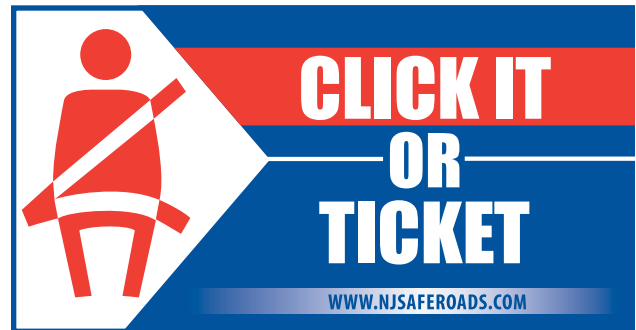

NEW JERSEY DIVISION OF HIGHWAY TRAFFIC SAFETY

2010 **CLICK IT OR TICKET** CAMPAIGN • MAY 24 - JUNE 6

Encouraging New Jersey residents to buckle up has been a priority of the New Jersey Division of Highway Traffic Safety (NJDHHS) and its law enforcement partners for many years. Why promote seat belts? Buckling up is the single most effective way for a motor vehicle occupant to avoid death or serious injury in a crash. It reduces the risk of fatal injury by 45% and moderate or critical injury by 50%. Simply put...seat belts save lives.

The most recent statewide seat belt enforcement campaign, *Click It or Ticket*, was conducted by NJDHHS from May 24 – June 6, 2010. Key components of the campaign included targeted seat belt enforcement by the 493 police agencies in the state, 157 of which received \$4,000 *Click*

It or Ticket overtime enforcement grants from NJDHHS. Awareness about the campaign and the importance of wearing a seat belt were further enhanced by the distribution of educational materials by partner agencies statewide, earned media efforts, and *Click It or Ticket* displays on dynamic message signs on major state highways.

THE RESULTS

Of the 493 police agencies in the state, 406 (82%) participated in the mobilization. The breakdown included 177 of 186 agencies (95%) in the Northern Region, 114 of 172 (66%) in the Central Region, 110 of 130 (85%) in the Southern Region, and New Jersey State Police.

The 406 agencies issued 35,671 seat belt citations during the two-week campaign, down from 41,442 during the 2009 mobilization. NJDHHS points to an increase in belt usage as the primary reason for the reduction in citations. In addition to seat belt citations, police officers also wrote 1,028 child restraint and 5,832 speeding citations, and made 592 DWI arrests.

Most importantly, the annual statewide seat belt usage survey conducted immediately following

this year's campaign by the New Jersey Institute of Technology found that the state's front seat belt usage rate has risen for the 14th consecutive year from 92.67% in 2009 to 93.73%. Unfortunately, rear seat belt usage lags far behind, with the newest surveys showing that rate to be only 47.77% (all passengers) and just 27.09% for adults 18 and older.

The three counties with the largest increase in front seat belt usage from 2009 to 2010 are: Burlington, up 3.42% to 95.36%, Camden, up 2.56% to 94.30%, and Somerset, up 2.55% to 94.39%. The five counties with the highest belt usage rates for 2010 are: Burlington (95.36%), Morris (95.17%), Middlesex (95.15%), Bergen (94.74%), and Somerset (94.39%).
