

Intelligence - Led Threat Assessment Process

CRIMINAL GANG INVENTORY

Identification of all criminal street gangs operating in the jurisdiction

THREAT AUDIT

Identification of specific gangs that present the most serious and dangerous potential for violence and ranking them according to threat level

TARGET ASSESSMENT / IDENTIFICATION OF PRIORITY TARGETS

Within the context of the most dangerous gangs operation within the county, identification of specific gang members or associated who present serious threat to public safety

TARGET VULNERABILITY

Specific circumstances, i.e., weak links, that make high-priority, violent criminal gang targets vulnerable to law enforcement intervention
