Schedule A - Conditions

- 1) The Commission's determination to grant the renewal license is subject to the review and approval of the Attorney General as required by N.J.S.A. 5:5-133 and N.J.A.C. 13:74-2.3(j).
- 2) The grant of the license renewal is subject to and conditioned upon the issuance of a written off-track wagering license following the approval of the Attorney General.
- 3) The grant of a renewal license shall be subject to the approval of any other state or federal governmental agency necessary to the operation of the off-track wagering facility.
- 4) All individuals employed at the off-track wagering facility and any persons, regardless of location, who are responsible for the supervision or oversight of any aspect of the off-track wagering facility shall be required to take out the appropriate license from the Commission pursuant to N.J.A.C. 13:74-5.1.
- 5) All vendors of the off-track wagering facility shall be licensed by the Commission unless an exemption is granted pursuant to N.J.A.C. 13:74-5.1(f) through (i).
- 6) The off-track wagering licensee shall cause to be implemented testing of all new equipment and software associated with the off-track wagering facility and related totalisator system as well as all equipment on the premises of the facility which can impact the public's safety or well-being. Prior to the use of such equipment and software, the off-track wagering licensee shall provide the Commission with written evidence that such testing has been successfully accomplished.
- 7) The off-track wagering licensee shall receive all live races that are offered and transmitted by in-State sending tracks approved by the Commission. Where the off-track wagering licensee offers a wagering opportunity on a race from an approved in-State sending or host track or from an approved out-of-state sending or host track, each patron of the off-track wagering facility shall be offered the same wagering opportunity on that race.
- 8) Agreements between the off-track wagering licensee and a sending track shall be in writing and shall be filed with the Commission.
- 9) The off-track wagering licensee, unless the Commission approves otherwise, shall use the same hub facility as the account wagering licensee as required by N.J.A.C. 13:74-8.1. Global Tote US, LLC, formerly known as Sportech Racing, LLC ("Global"), as the present operator of said hub facility, shall

comply with all previous requirements imposed upon it by the Commission. The Commission reserves the right to impose additional conditions upon Global where necessary to effectuate the purposes of the Act and the Commission's rules.

10) The off-track wagering facility shall continue to maintain in good working order security and surveillance equipment in public and non-public areas to enhance safety, the integrity of wagering and the integrity of the proceeds from wagering. The money room at the off-track wagering facility, established pursuant to N.J.A.C. 13:74-6.11, shall include closed circuit television equipment.

11) The Commission, its agents and representatives, in furtherance of its regulatory responsibilities, shall have unrestricted access to the off-track wagering facility.

12) The off-track wagering licensee shall, in furtherance of the Commission's regulatory responsibilities and unless otherwise directed by the Commission, provide the Commission with two suitable designated parking spaces.

13) The off-track wagering licensee shall, in a timely fashion, satisfy its obligations for racing costs as set forth in N.J.A.C. 13:74-10.1.

14) The off-track wagering licensee shall comply with all representations made in its application for a license to the Commission, including those within its internal control procedures. Any amendments to the off-track wagering licensee's internal control procedures shall be submitted to the Commission's Executive Director for approval prior to their implementation.

15) The off-track wagering licensee shall, within twenty-four hours of such occurrence, notify the Commission in writing, on a form to be provided by the Commission, of any technological or non-technological occurrence not delegated to the totalisator operator which has disrupted or negatively impacted the ability of the off-track wagering licensee to continually offer wagering to the public or which has temporarily or permanently negatively impacted the integrity of any aspect of the off-track wagering infrastructure. Where delegated to the totalisator operator, Global shall submit such writing within twenty-four hours of the occurrence to the Commission.

16) The off-track wagering license may not be transferred or assigned to a successor in interest absent the prior approval of the Commission and Attorney General.

17) The off-track wagering licensee shall comply with the Act, the rules of the Commission, any directives or orders of the Commission, these conditions and any additional state or federal laws that may be applicable.

18) The issuance of a renewal license to the off-track wagering licensee shall not constitute precedent in terms of any other application that the licensee or any affiliate may file with the Commission for the issuance of a license.

19) The Commission reserves the right and ability, consistent with its broad regulatory authority, to impose additional conditions upon the off-track wagering licensee where necessary to effectuate the purposes of the Act and the Commission's rules.

20) The off-track wagering licensee shall file a fully completed renewal application for 2025 with the Commission on or before October 15, 2024.

21) The off-track wagering licensee shall ensure that its current agreement with Global, which expires on November 30, 2023, is extended to December 31, 2024 or later and that a copy of the written extension is filed with the Commission on or before December 31, 2023.
