

will be able to provide these services. This will lead to less confusion for consumers and licensees as to which licensed master HVACR contractors may provide propane services. The Board points out that licensees are authorized to provide all aspects of heating, ventilating, air conditioning, and refrigeration services regardless of the area of the trade on which they focus. The Board will not create a sub-classification of licensure as the commenter recommends.

Federal Standards Statement

A Federal standards analysis is not required because there are no Federal laws or standards applicable to the adopted amendments.

NEW JERSEY RACING COMMISSION

Casino Simulcasting

Readoption with Amendments: N.J.A.C. 13:72

Adopted New Rule: N.J.A.C. 13:72-2.12A

Proposed: June 15, 2015, at 47 N.J.R. 1301(a).

Adopted: November 18, 2015, by the New Jersey Racing Commission, Frank Zanzuccki, Executive Director.

Filed: November 18, 2015, as R.2015 d.200, **without change**.

Authority: N.J.S.A. 5:5-30 and 5:12-191 et seq., in particular, 5:12-210.

Effective Dates: November 18, 2015, Readoption;

December 21, 2015, Amendments and New Rule.

Expiration Date: November 18, 2022.

Summary of Public Comments and Agency Response:

The New Jersey Racing Commission received one written comment on August 14, 2015, from the New Jersey Association of Mental Health and Addiction Agencies (NJAMHAA), 3575 Quakerbridge Road, Suite 102, Mercerville, New Jersey 08619.

COMMENT: The NJAMHAA indicated that it does not have any concerns regarding the readoption with amendments or the new rule per se. However, the NJAMHAA stated that it feels compelled to point out that Chapter 72 does not explicitly discuss responsible gambling and problem gambling issues. The NJAMHAA recommended that Chapter 72, as well as all casino simulcasting facilities post information regarding resources available to assist with problem gambling issues such as 1-800-GAMBLER, which is the telephone number for The Council on Compulsive Gambling of New Jersey, Inc.

RESPONSE: The Commission rejected the comment because it proposed changes that are outside of the Commission's jurisdiction. N.J.S.A. 5:12-210 requires that the "Division of Gaming Enforcement and the New Jersey Racing Commission shall individually and jointly promulgate and adopt any rules and regulations . . . necessary to effectuate the purposes of" the Casino Simulcasting Act, N.J.S.A. 5:12-191 et seq. The purpose of the rules proposed for readoption with amendments and proposed new rule was to readopt the rules prior to their expiration and to make those technical changes and substantive amendments necessary to conform N.J.A.C. 13:72 to 13:69M, which was adopted by the Division of Gaming Enforcement in 2011. Finally, the

Commission notes that the scope of the Casino Simulcasting rules set forth in this chapter addresses the simulcasting of horse races and the pari-mutuel wagering thereupon, which occurs within a casino. The Division of Gaming Enforcement has primary jurisdiction over casinos and has promulgated rules addressing problem gambling which are applicable to casino simulcasting facilities. For example, see N.J.A.C. 13:69G-2, which rules are applicable to self-exclusion.

Federal Standards Statement

A Federal standards analysis is not required because the rules readopted with amendments and the new rule are authorized by the provisions of the Casino Simulcasting Act, N.J.S.A. 5:12-191 et seq., and are not subject to any Federal requirements or standards.

Full text of the readopted rules can be found in the New Jersey Administrative Code at N.J.A.C. 13:72.

Full text of the adopted amendments and new rule follows:

(b)-(c) (No change.)

(d) A casino licensee may request the Supervisor of Mutuels to authorize a lost or stolen ticket or credit voucher to be locked on behalf of a patron. Locking a ticket or credit voucher will not preclude the ticket or credit voucher from expiring, after which it can no longer be cashed.

ATTORNEY GENERAL**Human Trafficking Survivor's Assistance Fund****Adopted New Rules: N.J.A.C. 13:77**

Proposed: November 17, 2014, at 46 N.J.R. 2271(a).

Adopted: September 3, 2015, by John J. Hoffman, Acting Attorney General.

Filed: November 17, 2015, as R.2015 d.199, **with non-substantial changes** not requiring additional public notice and comment (see N.J.A.C. 1:30-6.3).

Authority: P.L. 2013, c. 51, specifically N.J.S.A. 52:17B-238.

Effective Date: December 21, 2015.

Expiration Date: December 21, 2022.

Summary of Public Comments and Agency Responses:

The Attorney General's Office (Office) received comments from the New Jersey Commission on Human Trafficking (Commission) and the New Jersey Coalition Against Human Trafficking (Coalition). Both were received on January 16, 2015. The Attorney General has thanked both entities for their comments.

1. COMMENT: Both commenters suggest noting the meaning of "in consultation with" in the section entitled Definitions (N.J.A.C. 13:77-1.2). The Coalition further suggests defining it to require the Attorney General's Office to seek the fully-informed consent of the Commission to ensure that the Commission's priorities are protected, as well as its determinations regarding the allocation of funds. Specifically, it should mean a process of seeking, discussing, and considering the view of all members of the Commission and seeking their informed consent and giving priority consideration to implementing the determination of the Commission.

RESPONSE: The Office disagrees. The suggested definition goes well beyond New Jersey legal precedent. Pursuant to New Jersey case law, meaningful consultation can be satisfied by seeking input through personal dialogue or by reviewing submission of formal written comments. Although the Attorney General values the input and recognizes the importance of the Commission, he will be guided by principles established in case law, giving due weight and consideration to the Commission's comments on those matters as specifically noted pursuant to N.J.S.A. 52:17B-238. Further, the phrase need not be included as a defined term. Therefore, the Office will not make any change on adoption.

2. COMMENT: The Coalition suggests including the phrase "in consultation with the Commission" in the definition of the terms "approved course," "approved provider," "Human Trafficking Survivor's Assistance Fund," and "Prostitution Offender Program."

RESPONSE: The Office disagrees. N.J.S.A. 2C:34-1.2 specifically describes the role of the Commission in the context of these terms. The Attorney General has final approval authority. Therefore, for the purpose of definitions, referencing the statute sufficiently acknowledges the Commission's consultative role.

3. COMMENT: Both commenters suggests that the Attorney General, in consultation with the Commission, establish a uniform curriculum to be used Statewide in the Prostitution Offender Program (Program) based on best practices learned from similar programs used in other jurisdictions.

RESPONSE: The Office disagrees. There is no statutory authority for using a Statewide uniform curriculum, or having one created by the Commission or Attorney General, in consultation with the Commission. The proposed rules are in compliance with statutory requirements for establishing the Program. Further, establishing course requirements and not a standardized curriculum is the same framework utilized by the Police Training Commission. Finally, there is sufficient oversight in the approval process, of which the Commission has a role.

4. COMMENT: The Coalition suggests adding "Commission" to the definitions, to mean the Commission on Human Trafficking.

RESPONSE: The full name of the Commission is only referenced once in the proposed rules. Therefore, it is not necessary to include it in the definitions and/or abbreviate it.

5. COMMENT: The commenters suggest changing N.J.A.C. 13:77-1.3 as follows: At subsection (a), abbreviate "Commission on Human Trafficking" to "Commission." At subsection (b), expand the Commission's consultative role to determining the amount of money available for distribution from the Human Trafficking Survivor's Assistance Fund (Fund). At subsection (e), reflect that any statutorily eligible applicant (not only law enforcement) may apply to the Director for monies from the Fund. The Coalition, also suggests that the award will be used to cover, instead of reimburse, anticipated costs. Add new subsection (f), requiring applicants requesting money from the Fund to demonstrate: that it would not have provided the services in question with funds from other sources had Fund money been unavailable, that the money will be used to supplement, and not supplant, State and local expenditures under the Fund, and that the funds are to be used to augment that regular human trafficking program, and not be used to substitute for funds or services that would otherwise be provided during the time period in question. Finally, change subsection (g) by inserting "as defined by N.J.S.A. 2C:34-1.2" at the end of the subsection.

RESPONSE: It is not necessary to abbreviate the Commission on Human Trafficking in subsection (a), as there are no explicit repeated references to it in the proposed rules. The Legislature assigned the Commission an important, but limited, role in approving expenditures from the Fund. N.J.S.A. 52:17B-237 and 238 define the Commission's authority; it does not extend to giving fully-informed consent to or providing input on the amount of funds available for distribution as requested in subsection (b). The Office agrees with the recommendation to explicitly broaden the eligible applicants as required by N.J.S.A. 52:17B-238 in subsection (e). It was not the Office's intention to limit the applicant pool to law enforcement. Therefore, the Office will change N.J.A.C. 13:77-1.3 on adoption to relocate proposed subsection (d) as new paragraph (a)4 for clarification. However, the Office disagrees that funds should be provided in advance of the applicant incurring the expense and will make no change to this aspect of subsection (e). The Office does agree that the funds should not be used to supplant budgeted funding or any other available funding currently in existence. However, the Office disagrees that it needs to be included in the proposed rules (as suggested new subsection (f)). The Attorney General will fully comply with and administer the Fund in compliance with all rules, regulations, and other applicable law. The Attorney General will further establish a notification and application process for requesting reimbursement from the Fund. The Office disagrees that this statutory cross-reference is necessary in proposed subsection (g), as it would alter the meaning of the subsection. This subsection is not restricted to reimbursement from the Fund for the Program, as would be denoted by the insertion of the statutory reference.

6. COMMENT: The Coalition suggests that the Attorney General, in consultation with the Commission, be required to collect data on human
