NUTLEY, NJ - Members of the Nutley Rotary Club invite the community to join them on Saturday May 12 at 9 a.m. for a park clean-up at Nichols Park.

World Water Day was March 22, and Earth Day was April 22, in that spirit, Rotarians ask the community to "let's clean up the water in Nutley! (All litter ends up in the water so we'll be cleaning up the land also.)"

The Rotary Club is partnering with the Passaic Valley Sewerage Commission who will provide all materials (gloves, bags etc) to help beautify the water in Nichols Park. They will also come back on Monday to remove all the trash we have collected so there is no lifting or carrying on the part of the volunteers.

There will even be some pairs of boots for those who would like to wade into the water to pick up trash.

The event is expected to last until about 11 a.m.
