Fair Lawn Amateur Radio Club to Partner with Paterson Great Falls National Historical Park in April 29th Earth Day Special Event

By ED EFCHAK

April 21, 2019 at 10:33 PM

The Fair Lawn Amateur Radio Club (FLARC) will again partner with the National Park Service with a special event amateur radio station to be held at the Paterson Great Falls National Historical Park in Paterson, NJ .

The event will be held on **Monday April 29th at the National Park Service location at Mary Ellen Kramer Park, entrance along Maple Street, Paterson, NJ from 9AM until 4PM.** The event is part of a larger celebration sponsored by the Passaic Valley Sewerage Commission, Eagle Creek Renewable Energy and the National Park Service.

The club's special event call sign (W2E) is to commemorate "Water To Electricity" and the vision behind Alexander Hamilton's transformation of the Passaic River to turn Paterson into the first planned industrial city in America by taming the power of water. For the fourth consecutive year, the club will be a partner in this event.

Hundreds of area students will converge on the Historical Park for educational activities and will gain exposure to the fun and benefits of amateur radio at the same time. Participants in addition to The Fair Lawn Amateur Radio Club will include The Paterson Museum, The Academy of Earth and Space Science (PANTHER Academy of Paterson), The Green Club from the STEM Academy at John F. Kennedy High School, The Great Swamp Watershed Association, the Bergen County Zoo, and New Jersey Watershed Ambassadors.
