Content Note

The New Jersey Social Security Commission was created by the legislature on 18 May 1935 by Joint Resolution Nos. 7 & 15. The commission of nine unpaid members was charged with the duty of studying "the problems of unemployment insurance, the liberalization of old age relief, compulsory retirement annuity legislation, aid to dependent or crippled children, maternal and child welfare, public health, and the aid to the blind in co-operation with the Federal government." This series of commission minutes and Report No. 1 belonged to Dr. Robert P. Fischelis, a member of the Social Security Commission from its organization on 13 August 1935 to its final meeting on 2 December 1936. The records were removed from Dr. Fischelis's personal papers maintained by the State Historical Society of Wisconsin and transferred to the New Jersey State Archives in 1992. Copies of the Commission's published Reports No. 1 and 2 [items 3 and 4 below] have also been added.
