

ENVIRONMENTAL RESOURCES EVALUATION

Term Agreement work for Environmental Investigations and/or Permitting (Wetlands, Cultural Resources, Hazardous Waste, Investigations/Permits, etc.), performed by a Consultant through a Term Agreement for projects during Scope Development, Preliminary Design, Final Design, Construction and Maintenance will be rated according to the ENVIRONMENTAL RESOURCES criteria, by the respective NJDOT Contract Manager.

SCHEDULE – Category Weight 20%

COMMENTS ARE MANDATORY

The work performed satisfies the scope of services and the normal schedule commitments.

•Tasks are performed in a logical order. •Work is completed along the critical path where critical path activities receive the highest priority without neglecting other concurrent activities. •The work performed does not require more than one resubmission for corrections. •A resubmission for corrections shall not result in a schedule delay. •This rating will not reflect factors outside the Consultant's control, such as Design changes, changes made to the scope of work by the Department and/or other regulatory agencies.

Rating:	Work is completed:
5	Significantly in advance of the agreed/typical scheduled date
4	In advance of the agreed/ typical scheduled date
3	At the agreed/ typical scheduled date
2	After agreed/ typical scheduled date
1	Significantly after agreed/ typical scheduled date

Half points are permitted where applicable.

OVERALL QUALITY – Category Weight 60%

Based on the Consultant Quality Performance checklist responses, a rating will automatically be calculated to one decimal point and transferred to the Consultant Evaluation Report.

PROJECT MANAGEMENT – Category Weight 20%

➤ Rates the management, NOT the individual(s) serving in the position

Based on the Consultant Project Management Performance checklist responses, a rating will automatically be calculated to one decimal point and transferred to the Consultant Evaluation Report.
