

Management Systems-Stakeholder Input Table

Revised: 4/2025

NJDOT Contact	Unit and Management System	Data Requested
Robert Blight, Kohli Narinder, Kevin Sereni, Bassey Onyile, & Martin Moyer	Pavement Management Pavement Management System (PMS)	PMS data and skid test results
	Drainage Management Drainage Management System (DMS)	Ranking on DMS; Flooding incidents, any pending/active drainage projects in the area.
Neha Galgali, & Disha Soni	Congestion Management Congestion Management System (CMS)	Ranking on CMS; Information regarding areas prone to or a history of congestion.
Ali Najem, Mujahid Khan, & Imran Ahmad	Bridge Engineering and Infrastructure Management	Recent, pending or active work orders in project area, etc. Bridge Guiderail Attachment.
Kimberly Sharp, Robert Stinson, & Amanda McElwain	Structural Design & Geotechnical Engineering Geotechnical Data Management System (GDMS), Underground Strata	Underground Strata Information, any additional information regarding the specified structure.
Jeevanjot Singh	Safety, Bicycle & Pedestrian Programs Safety Management System (SMS)	Ranking on SMS, Crash data, rates, summaries, details, and Network Screening Lists
Susan Weber & Sudhir Joshi	Statewide Strategies Smart Growth Management System (SGMS)	Ranking on SGMS
Syed Kazmi & Jamie Oplinger	Traffic Engineering - North Arterial Management	Recent, pending, or active work orders in project area. Recent, pending, or active design ITS work orders in project area, ITS Plans, ITS Facilities desired within project limits
John Fam & Jamie Oplinger	Traffic Engineering - Central Arterial Management	Recent, pending, or active work orders in project area. Recent, pending, or active design ITS work orders in project area, ITS Plans, ITS Facilities desired within project limits
Kelly McVeigh & Jamie Oplinger	Traffic Engineering - South Arterial Management	Recent, pending, or active work orders in project area. Recent, pending, or active design ITS work orders in project area, ITS Plans, ITS Facilities desired within project limits
Altin Aliaj	Electrical Engineering	Any information related to the subject project site.
David Bruccoleri	Major Access & Right of Way	Any know development plans pending an access permit
Stephen Choborda	Transportation Data & Support	Functional classification, Existing traffic counts, truck % etc.

Management Systems-Stakeholder Input Table

Revised: 4/2025

NJDOT Contact	Unit and Management System	Data Requested
Nart Appesh	Regional Construction Engineering - North	Any information related to the subject project site.
Carl Kneidinger	Regional Construction Engineering - Central	Any information related to the subject project site.
David Divalerio	Regional Construction Engineering - South	Any information related to the subject project site.
Vanessa Holman & Christopher Yandoli	Assistant Commissioner's Office Operations	Assistant Commissioner's office informed of request.
Danielle Roman, Omar Diaz, & Roger Estivalletti	North Region Operations Highway Operations North	Any information related to the subject project site. Recent, pending or active work orders in project area.
Christopher Tomlin, Amy Marino, & Nicholas Colangelo	Central Region Operations Highway Operations Central	Any information related to the subject project site. Recent, pending or active work orders in project area.
John Bystrycki, Jeff Evanylo, & Falguni Patel	South Region Operations Highway Operations South	Any information related to the subject project site. Recent, pending or active work orders in project area.
Jackie Yiu, Frank Schneider, Saadia Mustafa, Kurt McCoy, Gerald Oliveto, Atta Najem, Dan Black	Operations Support and Engineering	Recent, pending, or active work in project area.
Bryan Kepler, DOT- TOSS.OSUEnterprise@dot.nj.gov	Maintenance Administration Operations Systems Unit Transportation Asset Management System (TAMS)	TAMS data; Recent, pending or active NJDOT Operations crew work orders in project area.
Jagdish Rana, Greg Pniewski, Smitkumar Patel, & Dhruvik Patel	Mobility Workzone Management	Review and approval for all non-emergency lane/shoulder closure hours on NJDOT ROW
Bindesh Patel, Jose Romero, Olajide Ajibaye, Jonathan Martinez and Padmaja Sampath	Mobility Engineering - ITS Design, Construction and Maintenance ITS and CV (Connected Vehicle) Equipment Design, Construction, Maintenance	Recent, pending, or active work orders in project area. Recent, pending, or active design ITS or CV (Connected vehicle) work orders, plans, or facilities within the project area. ITS and/or CV assets including fiber-optic cable and conduit desired within project limits
Bryan Kepler & Vandana Mathur	Mobility Innovation and Support 511 website and phone system	Data related to 511nj.org or the 511 interactive voice response phone system.

Management Systems-Stakeholder Input Table

Revised: 4/2025

NJDOT Contact	Unit and Management System	Data Requested
Aarti Gupta & Shilp Shah	Operations Permits	Any known development plans with pending or active operations permits in project area.
Michael Juliano	Mobility/Traffic Operations North	Any information related to the subject project site.
Shawn Mount	Mobility/Traffic Operations South	Any information related to the subject project site.
Tina Shutz, Brenna Fairfax, & John Mikusa	Bureau of Landscape Architecture and Environmental Solutions Environmental Solutions	Any environmental plans or old NEPA documents for this area.
Jack Eelman	Bureau of Landscape Architecture and Environmental Solutions H&H	Any environmental plans/documents for this area.
Lois Johann	Bureau of Landscape Architecture and Environmental Solutions Landscape Architecture	Any information related to the subject project site.
Hung Tang	Bureau of Design Standards Geometric Solutions	Any information related to the subject project site.
Sowatta Seng Eap	Bureau of Design Standards Roadway Standards	Any project related input you would like to share specific to ADA.
Jim Lepri, Muhammad Ayub, & Ashwin Patel	Bureau of Utility Management and Railroad Safety Utilities Coordination	Existing Utility information for this area
Nipa Maniar & Janice Marino-Doyle	Office of Freight Planning (OFP)	Any Freight Management System (FMS) outputs scores.
Michael Congleton	Bureau of Construction Management (BCM)	Any information regarding the specified roadway section.
Alexander Didok	Design and Survey Services	Any information related to the subject project site.
John Riggi & Paula Scelsi	Resiliency Management	Any information related to the subject project site.
