1035 Parkway Avenue, PO Box 600, Trenton, New Jersey 08625-0600

Baseline Document Change Announcement

ANNOUNCEMENT: BDC12D-02

DATE: July 31, 2013

SUBJECT: Crash Cushion Details
New CD-159-11 and new CD-611-1 for the 2007 Standard Roadway
Construction Details

REFERENCE: Revised Design Manual-Roadway Section 9, Guidelines for the Selection
and Design of Crash Cushions
BDC12MR-03 dated July 29, 2013

Revision to Subsections/Subparts 159.03, 159.04, 611.01, 611.02, 611.03,
611.03.02 and 611.04 of the 2007 Standard Specifications
BDC12S-04 dated July 30, 2013

Two new Construction Detail sheets: CD-159-11 *Temporary Crash Cushion Compressive Barrier Summary Table*, and CD-611-1 *Crash Cushion Compressive Barrier Summary Table* have been added to the 2007 Standard Construction Details booklet. The Designers are directed to complete and include these details when a temporary crash cushion compressive barrier and/or a crash cushion compressive barrier is needed on a project.

Consequently, the Table of Contents sheet No. 1, and the Index sheet No. 4 have been revised.

This revision must be read in conjunction with the referenced BDC Announcements.

Implementation Code R (ROUTINE)

Changes must be implemented in all applicable Department projects scheduled for Final Design Submission at least one month after the date of the BDC announcement. This will allow designers to make necessary plan, specifications, and estimate/proposal changes without requiring the need for an addenda or postponement of advertisement or receipt of bids.
