Baseline Document Change Announcement

ANNOUNCEMENT: BDC13T-03

DATE: October 25, 2013

SUBJECT: Elimination of Metric Announcements

Various announcements (BDC, CAN, QIA) related to Metric Unit documents are hereby eliminated. Since the release of the 2007 Engineering baseline documents (Standard Specifications, Design Manuals, Sample Plans, Construction Details, etc.), the Metric Unit documents were purposefully not updated.

As a result, a total of 115 documents are eliminated (list attached).

Implementation Code R (ROUTINE)

Changes must be implemented in all applicable Department projects scheduled for Final Design Submission at least one month after the date of the BDC announcement. This will allow designers to make necessary plan, specifications, and estimate/proposal changes without requiring the need for an addenda or postponement of advertisement or receipt of bids.
