*Baseline Document Change Announcement*

**ANNOUNCEMENT:**     **BDC14D-03**

**DATE:**                **October 27, 2015**

**SUBJECT:**            **Chain Link Fence, Bridge**  
**Revised BCD-509-1, BCD-509-2 and an addition of a new sheet BCD-509-2A to the 2007 Standard Bridge Construction Details**

The Bridge Construction detail sheets BCD-509-1 and BCD-509-2 have been revised and a new sheet BCD-509-2A has been added to the 2007 Standard Bridge Construction Details. A summary of the revisions is as follows:

**BCD-509-1 and BCD-509-2**

- A "1 Rail Steel Railing" has been added in front of the Chain Link Fence.
- Revised title "Bridge Chain Link Fence 6'-3" high, curved top" to "Chain Link Fence, Bridge 6'-3" high, curved top" and "Bridge Chain Link Fence 6'-3" high, straight" to "Chain Link Fence, Bridge 6'-3" high," to be consistent with the pay items in the Standard Specifications.
- Revised anchor bolt detail in accordance with the FHWA guidelines for installation, inspection, maintenance & repair of structural supports.
- Notes have been rewritten in active voice to match the Specifications style.
- Revised Note No. 5 for steel washer as per the Standard Specifications Subpart 908.01.02.
- Deleted Note No. 7, since the adhesive anchors do not belong on this detail sheet and renumbered the subsequent notes.
- Deleted Notes No. 23, 25 and 26, since they are incorporated in the Specifications and renumbered Note No. 24 to No 22.

**BCD-509-2A**

- New Detail sheet is created for the wing detail of the straight and the curved top chain link fence.

**Implementation Code R (ROUTINE)**

Changes must be implemented in all applicable Department projects scheduled for Final Design Submission at least one month after the date of the BDC announcement. This will allow designers to make necessary plan, specifications, and estimate/proposal changes without requiring the need for an addenda or postponement of advertisement or receipt of bids.
