## *Baseline Document Change Announcement*

**BDC09T-02**

**April 27, 2009**

**Subject: Release of the 2008 edition of the *Soil Erosion and Sediment Control Standards***

The 2008 edition of the *Soil Erosion and Sediment Control Standards* is now released, and supersedes the 1989 SESC Standards. This edition has been revised to include:

- Updating based on the *Standard for Soil and Erosion and Sediment Control in New Jersey* and the *NJDEP Stream Encroachment Manual*.
- New matting materials
- Additional Engineering Standards
- New sections and info in the Appendices including Soil Conservation District Information

### **Implementation Code R (ROUTINE)**

Changes must be implemented in all applicable Department projects scheduled for Final Design Submission at least one month after the date of the BDC announcement. This will allow designers to make necessary plan, specifications, and estimate/proposal changes without requiring the need for an addenda or postponement of advertisement or receipt of bids.
