Baseline Document Change Announcement

ANNOUNCEMENT: BDC16S-01

DATE: July 29, 2016

SUBJECT: Existing Plans and As-Builts
- Revision to Subsection 102.04 of the 2007 Standard Specifications for Road and Bridge Construction

Subsection 102.04 of the 2007 Standard Specifications has been revised to permit posting of existing as-built plans and existing structural plans on the Bidx web site along with other Contract documents. This information, however, will not be the part of Contract; it will be for information only.

The following revisions have been incorporated into the Standard Input SI2007 as of July 29, 2016.

102.04 EXAMINATION OF CONTRACT AND PROJECT LIMITS
PART (3) IS CHANGED TO:

- 3. Existing Plans and As-Builts.** The Department will provide a list of existing structures bearing structure numbers within the Project on the Plans. The Department will list the existing plans including structural plans, Contour Maps; if available, and as-built plans used in the development of the Contract in the Special Provisions. The Bidder may download the existing plans including structural plans, Contour Maps, if available and as-built plans of Department-owned facilities through the electronic bidding process along with the Proposal documents. The Bidder shall obtain plans of municipality-owned or county-owned facilities through the municipality or county. The Bidder shall verify information obtained from the existing documents with regard to its application to bidding and performing the Contract.

Existing Plans including structural plans, Contour Maps, if available, and As-built plans used are as follows:

- a. 2*****2

Implementation Code R (ROUTINE)

Changes must be implemented in all applicable Department projects scheduled for Final Design Submission at least one month after the date of the BDC announcement. This will allow designers to make necessary plan, specifications, and estimate/proposal changes without requiring the need for an addenda or postponement of advertisement or receipt of bids.
