Baseline Document Change Announcement

Sample Plans-NJPE abbreviation

BDC03T-03

January 16, 2004

SUBJECT: Revision to Sheets 3 and 4 of 13 of Narrative Part, and Key Map (Sheet 1 of 39) Contained in 2001 Sample Plans in English Units.

The regulations of New Jersey Board of Professional Engineers and Land Surveyors do not permit abbreviation "N.J.P.E.", and also require that the Certification of Authorization number be provided on the contract plans. In order to comply with the above regulations, sheets 3 and 4 of 13 of the narrative part and key map (sheet 1 of 39) of the 2001 Sample Plans are revised as follows:

Narrative part: **Sheet 3 of 13-** changes are made under the heading "Consultant Signatures" and **Sheet 4 of 13-** changes are made under heading "Title Blocks"

Key Map : **Sheet 1 of 39-** changes are made in the "Title Blocks"

Although several sample plan sheets show abbreviation "N.J.P.E.", only three instructional sheets have been revised to save printing costs. However, the designers must follow these instructions to develop all the plan sheets (in both Metric and English units).

Implementation Code R (ROUTINE)

Changes must be implemented in all applicable Department projects scheduled for Final Design Submission at least one month after the date of the BDC announcement. This will allow designers to make necessary plan, specifications, and estimate/proposal changes without requiring the need for an addenda or postponement of advertisement or receipt of bids.
