MEMORANDUM

Baseline Document Change - Procedure

Subject: Release of Metric Version of Sample Plans

The Department has metricated the approved English Sample Plans Booklet issued by an All Design Units (ADU) memorandum, dated December 6, 1991. This metric version is inclusive of the following All Design Units memorandums:

- 90087 ADU, "Standard Construction Detail Booklets", dated September 29, 1995
- 94079 ADU, "Signs - Pay Items", dated March 14, 1995
- 94078 ADU, "Use of Pay Item Numbers on Plan Sheets", dated February 24, 1995
- 93035 ADU, "Standard Traffic Control Details", dated May 6, 1994
- 94025 ADU, "Combined Estimate and Distribution of Quantities Sheet", dated October 20, 1994
- 94091 ADU, "FHWA Review and Oversight Requirements", dated November 28, 1994
- ADU, "Plan Preparation - Standard Item Numbers", dated July 13, 1990
- ADU, "Alternate Items and Alternate Groups of Items", dated July 21, 1989

The following are additions to the Sample Plans that were not incorporated in previous All Design Units memorandums:

- The Erosion Control Plans was renamed Environmental Plans. Some information about Environmental Plans was added in a new section under that name with two sample plan sheets.
- In the Cross Sections part, information about resurfacing projects was added.
- Previous Bureau designations were changed due to the recent NJDOT reorganization.
- The Design Phase submissions were revised to Initial Design Submission and Final Design Submission.
- In the Estimates-Distribution of Quantities part, pavement reflectors and rumble strips were added to the list of items to be shown in the "If and Where Directed" column.

- Cross-outs on plan sheets will not be permitted. The information shall be removed.
- Additional features to be shown were added for a typical section.
- In the Construction Plan Sheets part, information about cross drain trench replacement was added.
- The section on Traffic Striping Plans was added.
- Some text was added or changed for clarification.
