Bid Price Report for Standard Pay Items

January to December, 2000

BDC01T-1

March 2, 2001

Subject: Release of *Bid Price Report for Standard Pay Items, January to December, 2000*

The *Bid Price Report for Standard Pay Items* covering the period January to December, 2000, is now available in both the Metric and English versions. These reports shall be used in the preparation of construction cost estimates using the NJDOT *Standard Specifications for Road and Bridge Construction, 1996*, as amended by the *1998 Supplemental Specifications* or the *NJDOT Standard Specifications for Road and Bridge Construction, 1989*, respectively.

Designers are reminded that the Average Weighted Price is presented only as general information which may indicate year to year price trends for various standard pay items. It should not be used exclusively in preparing construction cost estimates. Instead, the project location, size, and type of construction should be considered when choosing unit prices. The *NJDOT Procedures Manual* (Section 4.3.3, Engineer's Estimate and Proposal) should be consulted for further direction.

This Announcement supersedes BDC00T-1, dated February 29, 2000, entitled *Bid Price Report for Standard Pay Items, January to December, 1999*.

Distribution to In-House Staff and Various Public Agencies

This memorandum is being distributed as an electronic document only to our in-house staff and various public agencies based on our standard distribution list and in-house Bid Price Report user's list maintained by the Engineering Documents Unit.

This BDC Announcement file and the Bid Price Report files can be viewed, downloaded, or linked from the New Jersey Department of Transportation Web Page at <http://www.state.nj.us/transportation/cpm/ProgramSupportServices/CostEstimating/>. The Bid Price Report files, both Metric and English, will be updated annually in February and have been zipped in a file named "Bid Price Report Files.zip". The database files for use in the CPSFE program will be updated quarterly and have been zipped into a file named "Bid Price Database Files.zip". If you need an unzipping program, download and install the "WinZip" or "PKZIP" program located on the "Programs You May Need" page (click on the "Pop-Up Site Map" located at the top of most CPM pages). Do this before downloading any files.

In-house staff can copy or view the above-mentioned files in the QM shared area on the NJDOT-FA-NTS7 server. To access this area, open Windows Explorer on an NJDOT Network Computer. Go to the drop down menu labeled Tools, and then pick Map Network Drive. In the path box type in \\NJDOT-FA-NTS7\QM, then click on the OK button. All files are located in the QM\Reference Documents\Bid Price Report folder. It will be the responsibility of the user preparing the construction cost estimate to check these sites regularly to obtain updates and makes sure all data is current.

We recommend you do not try to print out the report text files since they are over 100 pages thick. Instead, download these files onto your hard drive, then use the search or find capabilities for bid price information on specific item names or item numbers. Hard copies can be acquired on a limited basis by contacting:

Engineering Documents Unit
E&O Building, 1st Floor
1035 Parkway Avenue, PO Box 600
Trenton, New Jersey 08625
Phone: (609) 530-5587
Fax: (609) 530-6626

Distribution to Other Outside Agencies (Consultant, Contractors, etc.)

This BDC Announcement file and the Bid Price Report files can be viewed or downloaded from the New Jersey Department of Transportation Web Page at <http://www.state.nj.us/transportation/>. See "Distribution to In-House Staff and Various Public Agencies" above for complete web page instructions.

We recommend you do not try to print out the report text files since they are over 100 pages thick. Instead, download these files onto your hard drive, then use the search or find capabilities for bid price information on specific item names or item numbers. Hard copies of the Bid Price Report can be purchased by contacting the Engineering Documents Unit, see above.
