Baseline Document Change Announcement

Construction Details

Beam Guide Rail Attachments

BDC03D-04

March 10, 2004

- SUBJECT:**
- 1) **Omission of Standard Roadway Construction Detail Sheet CD-612-9 for Beam Guide Rail Attachments, and**
 - 2) **Revision to Standard Roadway Construction Detail Sheets CD-612-13, 15, & 16 For Beam Guide Rail Attachments (in English and Metric units).**

Standard Roadway Construction Detail sheet CD-612-9, for Beam Guide Rail Attachments has been omitted. This sheet was inadvertently included in 2001 Standard Roadway Construction-Traffic Control-Bridge Construction Details, booklet. In -lieu of CD-612-9, an appropriate detail from sheets CD-612-13 through CD-612-16 must be used. To maintain the numbering of subsequent sheets, users are instructed to just mark CD-612-9 sheet "OMITTED" as shown on the attached sheet.

Construction Detail Sheets CD-612-13, 15 and 16 have been revised to add note No. 14 stating that the concrete lip curb may be omitted at underpass where erosion control is not necessary.

Implementation Code R (ROUTINE)

Changes must be implemented in all applicable Department projects scheduled for Final Design Submission at least one month after the date of the BDC announcement. This will allow designers to make necessary plan, specifications, and estimate/proposal changes without requiring the need for an addenda or postponement of advertisement or receipt of bids.
