Getting Started in Premier Business Services

Many New Jersey State services will soon be accessible only through New Jersey Premier Business Services (PBS).

If you already have a PBS account, navigate to the PBS home page (https://www16.state.nj.us/NJ_PREMIER_EBiz/jsp/home.jsp) and LOG ON to access your services.

If you do not have a PBS account, follow the instructions below for your one-time registration process to create your PBS and My New Jersey accounts. After this registration, you will be able to log on and access the State’s tax and employer service channel, Contract Compliance channel, the UEZ Business Certification System as well as additional State of New Jersey online services.

Quick Start—

2. If you already have a My New Jersey account and a PBS account, click Existing Users-Log On and conduct your business as usual.

3. If you need to create one or both of these accounts, click the New Users Only-CREATE an Account button and follow the instructions on the screens.
   If you do not have a My New Jersey User ID and Password, you’ll be able to set one up during the registration process.

4. After you have created your PBS account, you can add businesses to the account. After a business is added, you will have access to the State’s online Service Centers – including the State’s tax and employer service channel, Contract Compliance channel, and the UEZ Business Certification System.

5. To make return visits to PBS easier, bookmark the Premier Business Services home page or add it to your Internet browser’s Favorites.
