The requirement also includes sales to State and County Colleges and Quasi-State Agencies. 6.4 NEGOTIATION AND BEST AND FINAL OFFER (BAFO)

Following the opening of bid proposals, the State reserves the right, pursuant to N.J.S.A. 52:34-12(f), to negotiate: the technical services offered, the terms and conditions and/or the price of a proposed contract award with any bidder. In addition, the State reserves the right to seek a Best and Final Offer (BAFO) from one or more bidders. In response to the State's request to negotiate, the bidder must continue to satisfy all mandatory RFP requirements but may improve upon its original technical proposal in any revised technical proposal. However, any revised technical proposal that does not continue to satisfy all mandatory requirements will be rejected as non-responsive and the original technical proposal will be used for any further evaluation purposes, in accordance with the following procedure:

The State will conduct an initial review and determine whether and with which bidder(s) it will negotiate, and will communicate its request to each such bidder. In response, the bidder will submit any required revisions to its proposal.

In response to the State's request for a BAFO, the bidder may submit a revised price proposal that is equal to or lower in price than its original submission, but must continue to satisfy all mandatory requirements.

After receipt of the results of the negotiation and/or the BAFO(s), the Evaluation Committee will complete its evaluation and recommend to the Director for award that responsible bidder(s) whose bid proposal, conforming to this RFP, is most advantageous to the State, price and other factors considered.

All contacts, records of initial evaluations, any correspondence with bidders related to any request for negotiation or BAFO, any revised technical and/or price proposals, the State's evaluation and the Award Recommendation, will remain confidential until an Intent to Award notice is issued.

The Director shall determine whether sufficient justification has been provided by the bidder to form the basis of his certification that the services cannot be performed in the United States and whether to seek the approval of the Treasurer.
