Nestle Healthcare Nutrition, as a result of their acquisition of Novartis Medical Nutrition, has provided a list of discontinued products and suggested product replacements. In addition, Nestle has provided a revised price list.

As a function of the Nestle Healthcare Nutrition customer service policy, all of these items are currently supplied directly by the manufacturer. Therefore, the method of operations has been revised to reflect their policy.

During this transition, as products become unavailable from former distributorships, please contact the manufacturer directly, as noted on the revised price list. The manufacturer will provide price quotes for products as required, only until revised contract prices become effective 7/15/2008. After 7/15/08, these items will be under contract and must be purchased at the contract price.

Detailed information and the complete list of products for T1621 can be found electronically at: <http://www.nj.gov/treasury/purchase/noa/contracts/t1621.shtml>.

Please place a copy of this amendment with your contract file.
