ADDENDUM #02
T-1720
Solicitation #34827

TO: All Using Agencies and Cooperative Purchasing Participants

FROM: Mary Lou Goho, Purchase Bureau

DATE: October 28, 2003

SUBJECT: Microsoft Select Government and
Education Resellers Term Contract versus
Microsoft Enterprise Agreement

**CONTRACT
PERIOD:** 8-29-2003 to 8-28-2006

The Microsoft Select Government and Education Resellers Term Contract (T-1720) continues to be in effect, per the contract period identified above. There has been some confusion, however, because the State recently entered into a separate agreement with Microsoft Corporation. This addendum provides information about this recent, new agreement, hopefully enabling agencies to make an informed decision among the Microsoft Select Government and Education Resellers Term Contract and the new agreement.

A Waiver of Advertising was approved for the State of New Jersey to enter into a Microsoft Enterprise Agreement (MS EA). The term of the MS EA is July 1, 2004, through June 30, 2010. The MS EA has the following parameters:

- any agency may enroll, for either a three or six year period;
- agency must agree to license one or more Microsoft enterprise products across their agency;
- product support is not included with the licenses under the MS EA;
- an agency enrolled for a three-year period then has that entire three-year period to pay for Microsoft product licenses; similarly for an agency enrolled for a six-year period;
- after enrollment, an agency may order Software Assurance, which is the right to upgrade to, and run, the latest version of that product made available from Microsoft; and,
- for the enrolled agency, each year there is a "true up" period where the agency must determine its desktop count and order software for any increase in desktops over the number stated on its enrollment.

The Waiver of Advertising was executed with Software House International (SHI), which is recognized as the MS EA contractor. The contact information for SHI is listed below.

Members of Cooperative Purchasing may enroll in the MS EA and subsequently place orders for Microsoft products and Software Assurance as they would any State contract. In this instance, however, there is a waiver number (**W421**) rather than a contract number. Local entities can enter into a multi-year MS EA, pursuant to the authority in Local Public Contracts Law at NJSA 40A:11-15(42). Also, because this is not a contract derived from a public bid, it will not appear on the Purchase Bureau website.

Note: The State of New Jersey does not recognize the "home use program" or the "employee purchase program" elements of the MS EA. While Microsoft Corporation is advertising these programs, this office did not approve those programs as part of the MS EA.

Attachment: MS EA Price List

MICROSOFT ENTERPRISE AGREEMENT PRICING

Software House International (SHI) must must prepare a Microsoft Enterprice Agreement (MS EA) quote for you before purchase.

The MS EA is priced per-desktop.   Under the EA, the agency will license all its desktops for the products that it chooses. This will determine the agency's Annual Payment. If the agency adds desktops or products during the year, the agency will pay for those products at the Annual Payment under a True-Up fee.

Platform Pricing; Component Pricing

The agency can choose to license the Desktop Platform or the Component EA. There is a discount for choosing the Desktop Platform.

The Desktop Platform consists of the following: Office Pro or Standard, Windows Upgrade OS, Core CAL (Windows CAL, Exchange CAL, SMS CAL and Sharepoint Portal CAL)

Under the Component EA, the agency can choose Office, Windows Upgrade or Core CAL or any combination of the three. NOTE: There are times when it is more cost-efficient to choose the Platform, even if the agency is not using all of the products.

Add-On Products

Under the Enterprise Agreement, after the agency chooses either the Desktop Platform or the Component option, the agency can enroll various Add On Products to its agreement.
