NEW JERSEY ONE-CALL DAMAGE PREVENTION SYSTEM

10-X-20634

Award Summary

October 28, 2009

I. **Compliance/Approval Requirements**

- a. All compliance and approval instructions may be found in the Request for Proposal (RFP) Section 3.0 Scope of Work.

II. **Purpose**

- a. The purpose of this RFP is to solicit bid proposals for a contractor to provide the NJBPU with the New Jersey One-Call Damage Prevention System to prevent Damage to underground facilities. The N.J. One-Call Damage Prevention System provides statewide protection of all underground facilities that are used for the conveyance of water, forced sewerage, telecommunications, cable television, electricity, oil, petroleum products, gas optical signals, traffic control, or for the transportation of hazardous liquid subject to the "Hazardous Liquid Pipeline Safety Act of 1979". The One-Call Damage Prevention System is a single statewide notification system that receives notice from excavators of intended excavation or demolition activities and then transmits those notices to operators of underground facilities in the area of proposed excavation or demolition.

III. **Award Method**

- a. The State has awarded this contract to One Call Concepts, Inc.
- b. This five (5) year contract is comprised of five (5) separate price lines, one for each year of the contract. The price lines contain an escalating unit price per mark-out/serial number per year.

IV. **Directions for Use of Contract**

- a. The State contract Manager shall answer any questions or concerns about any aspect of the contract.
