

Document Change Announcement

Standard Drawings

DCA2011-SD-06

DATE: November 7, 2011

Subject: Revisions to Standard Drawings

Description of Change

Standard Drawing E-02 through E-05 have been revised to reflect recent updates to design standard minimums for bridge mounted lighting to mitigate fatigue issues in welded aluminum light standards. Light standard vendors must now examine fatigue issues related to bridge mounted structures prior to being permitted to bid fabrication of these items.

Instructions to Designers and Consultants

Effective immediately, the revisions contained in this announcement shall be applied to all projects in every phase of design. For advertised contracts awaiting the opening bids, this revision shall be incorporated via addendum, if applicable. Contact your NJTA Project Manager for instructions. Attached revision is noted in italics.

Designers may access these revisions in the NJTA Standard Drawings, which is available on the Authority's Web Page: <http://www.state.nj.us/turnpike/standard-drawings.html>.

Information for In-House Staff

The revisions have been incorporated into the Standard Drawings, which is available on the Authority's Web Page: <http://www.state.nj.us/turnpike/standard-drawings.html>. Please distribute the information to your respective Project Managers and have them direct their consultants appropriately.
