The forms are available at <https://www.nj.gov/dep/dshw/a901/a901frms.htm>

2. The application will be reviewed and if all requested information has been provided and is correct, the information will be entered into the computer, and this will generate a bill for the A-901 Application Fee. The Application Process currently takes approximately 14-16 months before an A-901 License or denial is issued. You **cannot** operate until you are A-901 Licensed. We do not offer Temporary Permits or Licenses.
3. After the billing statement is paid, your application will be sent to the New Jersey State Police to begin the Investigation Process. If you live in New Jersey the State Police will contact you directly for fingerprints. If you live out of state, please refer to the fingerprint instructions.
4. The State Police will retain your application for approximately 9 months while they conduct the investigation. When the investigation is complete, the application will be returned to the Division of Law and assigned to Attorney Review.
5. The Attorney will review your application and the State Police Reports. You will be contacted directly via phone, email, or a formal Request for Information if any questions arise during this Attorney Review process.

6. The Attorney will make a recommendation. This recommendation will be sent to DEP. Based on the recommendation, DEP will issue an A-901 License or denial via email.
- 7. During the application process, you will be responsible for completing the yearly A-901 Update that is due every year on November 1st. Failure to complete this form by November 1st every year will be grounds to be fined by DEP and automatic denial of the A-901 License application. Filing this Annual Update is a REQUIRED process regardless of licensure status as of November 1st. If you receive an update in the mail or via email from the Div. of Law, you are required to fill it out and submit it by November 1st.**
