

New Jersey Department of Environmental Protection (NJDEP)

Large Food Waste Generator Reporting Form [Regarding P.L. 2020, c.24:  
An Act] concerning food waste recycling and food waste-to-energy production

This form should be completed by large food waste generators as defined in P.L. 2020, c.24 (available at [https://www.njleg.state.nj.us/Bills/2020/PL20/24\\_.PDF](https://www.njleg.state.nj.us/Bills/2020/PL20/24_.PDF)). Refer to the reporting form guidance document for instructions on how to complete this form, available at <https://www.nj.gov/dep/dshw/food-waste-recycling-law/report-food-waste.html>.

Section A: Generator Information

1. Generator Name: \_\_\_\_\_
2. Generator Contact Information:

3. Generator Type: \_\_\_\_\_
4. Estimated total volume of food waste generated in previous 12 months: \_\_\_\_\_ tons
5. Describe methodology used to quantify food waste generated in the past 12 months (for example measured or estimated):

6. Projection of the amount of food waste in tons that you will generate in the next 12 months:

\_\_\_\_\_

Section B: Generator Requirements

1. Is the generator subject to the requirements of P.L. 2020, c.24?

Yes, the generator is subject to the requirements of the Law due to producing at least 52 tons of food waste per year and being within 25 road miles of an authorized food waste recycling facility.

No, the generator is not subject to the requirements of the law due to generating less than 52 tons of food waste per year and/or not being within 25 road miles of an authorized food waste recycling facility or the authorized facility cannot accept the generator's food waste.

If the generator is subject to the Law, continue to Section C. If the generator is not subject to the Law, skip Section C and continue to Section D.

Section C: Recycling Information

1. The generator is recycling source separated food waste using the following method(s):

Sending to an authorized food waste recycling facility in the State. Name and address of facility:

Performing enclosed on-site composting, or anaerobic, or aerobic digestion of its source separated food waste in accordance with standards adopted by the Department. Briefly describe recycling method:

Recycling using the following alternative authorized food waste recycling method(s):

Recycling food waste at the site at which it is generated as authorized and approved by the NJDEP.

Briefly describe recycling method:

Treating food waste at the site at which it is generated as authorized and approved by the NJDEP.

Briefly describe recycling method:

Sending food waste for offsite use for agricultural purposes, including as animal feed.

Name and address of receiving site and description of offsite use:

Sending food waste offsite for treatment with sewage sludge in an anaerobic digester for renewable natural gas or biogas recovery as authorized by the NJDEP.

Name and address of receiving site:

Any other method of recycling or reuse of food waste, as authorized by the NJDEP. Briefly describe recycling method:

2. Name and contact information (including phone number and email address, if applicable) of hauler(s) that transport food waste from generator to an authorized food waste recycling facility and/or authorized alternative food waste recycling facility:

**Section D: Generator Certification**

1. By signing this document, the large food waste generator acknowledges that the information submitted in this form is correct to the best of their knowledge.

Signature: \_\_\_\_\_ Date: \_\_\_\_\_

Print Name: \_\_\_\_\_

Print Title: \_\_\_\_\_

THE DEADLINE TO ACHIEVE COMPLIANCE WAS OCTOBER 14<sup>TH</sup>, 2021. PLEASE SUBMIT THIS FORM OR OTHER INQUIRIES VIA EMAIL TO [reducefoodwaste@dep.nj.gov](mailto:reducefoodwaste@dep.nj.gov).
