FFA Mission Statement

FFA makes a positive difference in the lives of students by developing their potential for premier leadership, personal growth and career success through agricultural education.

Definition of Food, Agriculture & Natural Resources Education for New Jersey

"Food, Agriculture & Natural Resources Education prepares people for careers and professional leadership in production, processing, marketing, and distribution of agricultural products, and for related careers in plant and animal technology (including aquatic life), economics, education, mechanics and engineering, natural resources and environmental technology, politics and sociology, and international relations and trade."

Definition of Supervised Agricultural Experience - SAE

"Planned, documented, practical activities conducted outside of the *classroom/laboratory instruction* time in which students develop and apply agricultural knowledge and skills." These experiences (Exploratory, Research/Experimentation and Analysis, Placement, and Ownership/Entrepreneurship) are individualized to meet the needs of a diverse student clientele, and they are supervised by teachers, employers, parents/guardians, and/or other adults who assist students in achieving their objectives.

"The New Jersey FFA

Association is a resource and support organization that does not select, control or supervise local chapter or individual member activities except as expressly provided for in the state FFA constitution, bylaws or policies."
