CHAPTER 3
LIVESTOCK AND POULTRY IMPORTATION

Authority
N.J.S.A. 4:5-54 through 75.

Source and Effective Date
See: 49 N.J.R. 739(c).

Chapter Expiration Date
Chapter 3, Livestock and Poultry Importation, expires on March 22, 2024.

Chapter Historical Note
Chapter 3, Livestock and Poultry Importation, was filed and became effective prior to September 1, 1969.

Pursuant to Executive Order No. 66(1978), Subchapter 4, Livestock for Immediate Slaughter, expired on January 8, 1986.

Chapter 3, Livestock and Poultry Importation, was adopted as new rules by R.2005 d.37, effective December 17, 2004. Subchapter 5, Goat Importation, was readopted as R.2005 d.37, effective January 18, 2005. See: 36 N.J.R. 4285(a), 37 N.J.R. 256(a).

Chapter 3, Livestock and Poultry Importation, was readopted as R.2010 d.074, effective April 23, 2010. See: 42 N.J.R. 3(a), 42 N.J.R. 926(a).

In accordance with N.J.S.A. 52:14B-5.1b, Chapter 3, Livestock and Poultry Importation, was scheduled to expire on April 23, 2017. See: 43 N.J.R. 1203(a).

Chapter 3, Livestock and Poultry Importation, was readopted, effective March 22, 2017. See: Source and Effective Date.

CHAPTER TABLE OF CONTENTS

SUBCHAPTER 1. GENERAL REQUIREMENTS
2:3-1.1 Definitions
2:3-1.2 Interstate health certificate to accompany animals entering State
2:3-1.3 Livestock and poultry for slaughter
2:3-1.4 Contents of Certificate of Veterinary Inspection
2:3-1.5 Copy of Certificate of Veterinary Inspection to New Jersey Department of Agriculture
2:3-1.6 Expiration date of Certificates of Veterinary Inspection
2:3-1.7 Quarantine of livestock and poultry entering State
2:3-1.8 Importing diseased livestock and poultry
2:3-1.9 Prior import permits
2:3-1.10 Procedure on failure to meet importation requirements
2:3-1.11 Exceptions

SUBCHAPTER 2. CATTLE IMPORTATION
2:3-2.1 Compliance with subchapter and importation requirements
2:3-2.2 Definitions
2:3-2.3 Tuberculous testing
2:3-2.4 Tuberculous test for imported cattle
2:3-2.5 Brucellosis testing—Class Free States or areas
2:3-2.6 Brucellosis testing—Class A States
2:3-2.7 Brucellosis testing—Class B and C States
2:3-2.8 Brucellosis test for imported cattle
2:3-2.9 Anaplasmosis or Bluetongue

SUBCHAPTER 3. SWINE IMPORTATION
2:3-3.1 Compliance with subchapter and importation requirements
2:3-3.2 Definitions
2:3-3.3 Brucellosis testing
2:3-3.4 Pseudorabies testing
2:3-3.5 (Reserved)

SUBCHAPTER 4. SHEEP IMPORTATION
2:3-4.1 Compliance and importation requirements
2:3-4.2 Bluetongue

SUBCHAPTER 5. GOAT IMPORTATION
2:3-5.1 Compliance and importation requirements
2:3-5.2 Definitions
2:3-5.3 Tuberculous testing
2:3-5.4 Tuberculous test for imported goats
2:3-5.5 Brucellosis testing

SUBCHAPTER 6. EQUINE IMPORTATION
2:3-6.1 Compliance with subchapter and importation requirements
2:3-6.2 Official test for equine infectious anemia

SUBCHAPTER 7. POULTRY AND HATCHING EGG IMPORTATION
2:3-7.1 Compliance with subchapter and importation requirements
2:3-7.2 Pullorum testing
2:3-7.3 Salmonella enteriditis
2:3-7.4 Avian influenza
2:3-7.5 Routes: Shipment of poultry and poultry waste

SUBCHAPTER 8. CAPTIVE CERVID IMPORTATION
2:3-8.1 Compliance with importation requirements
2:3-8.2 Definitions
2:3-8.3 Tuberculous testing
2:3-8.4 Brucellosis testing
2:3-8.5 Bluetongue testing
2:3-8.6 Chronic wasting disease

SUBCHAPTER 9. LLAMA AND ALPACA IMPORTATION
2:3-9.1 Compliance with importation requirements
2:3-9.2 Definitions
2:3-9.3 Tuberculous testing
2:3-9.4 Brucellosis testing

3-1 Supp. 4-17-17
SUBCHAPTER 10. NUTRIA (MYOCASTER COYPU) IMPORTATION

2:3-10.1 Compliance with importation requirements

SUBCHAPTER 11. LIVESTOCK AND POULTRY FOR EXHIBITION

2:3-11.1 Compliance with importation requirements

SUBCHAPTER 1. GENERAL REQUIREMENTS

2:3-1.1 Definitions

(a) The following words and terms, as used in this chapter, shall have the following meanings. Words of art undefined in the following paragraphs shall have the meaning attributed to them by trade usage or general usage as reflected by definition in a standard dictionary, such as Webster's.

"Approved livestock facility" shall mean a facility as described in 9 C.F.R. Part 71.20.

"Custom slaughter operation" shall mean a slaughtering operation as described in 9 C.F.R. Part 303.1.

"Department" shall mean the New Jersey Department of Agriculture. For purposes of actions authorized by these rules, the Department may act through the State Veterinarian.

"Move directly," when related to hatching eggs and poultry less than seven days of age, means move into New Jersey without any stops, or move to a National Poultry Improvement Plan (NPIP) U.S. H5/H7 Avian Influenza Clean National Plan Hatchery or an NPIP U.S. Avian Influenza Clean National Plan Hatchery and then move into New Jersey without any other stops; and when related to all other poultry, means move into New Jersey without any stops or move to a New Jersey registered poultry distributor and then move into New Jersey without any other stops.

"State Veterinarian" means Director, Division of Animal Health, New Jersey Department of Agriculture.

"Waybill" shall mean a document setting forth:

1. The name and address of the origin of the livestock or poultry imported for slaughter;
2. The type and quantity of such livestock or poultry being moved;
3. The name and address of the establishment to which such livestock or poultry are being moved; and

4. The date of the movement of such livestock or poultry into the establishment.

(b) Whenever, in describing or referring to any person, party, matter or thing, any word importing the singular number or masculine gender is used, the same shall be understood to include and to apply to several persons or parties as well as to one person or party and to females as well as males, and to bodies corporate as well as individuals, and to several matters and things as well as one matter or thing.

See: 36 N.J.R. 4285(a), 37 N.J.R. 256(a).
Former N.J.A.C. 2:3-1.1, Interstate health certificate to accompany animals entering State, recodified to N.J.A.C. 2:3-1.2.
In (a), added definition "Move directly".

2:3-1.2 Interstate health certificate to accompany animals entering State

All livestock and poultry moved into New Jersey, except for slaughter, shall be accompanied by an official Certificate of Veterinary Inspection approved by the livestock disease control agency of the state of origin. A Poultry Inspection Certificate conforming with the requirements of N.J.A.C. 2:9-1.3 may be used for poultry being transported directly to live bird markets and auction markets in lieu of the Certificate of Veterinary Inspection. A Veterinary Services (VS) Form 9-3 may be used for poultry in lieu of the Certificate of Veterinary Inspection.

See: 10 N.J.R. 416(a), 11 N.J.R. 2(b).
Reference to Certificate of Veterinary Inspection and to NPIP Form 3-B, added.
See: 33 N.J.R. 1886(a), 33 N.J.R. 2806(a).
Inserted sentence following first sentence, substituted "9-2" for "3-8" and inserted "other than live poultry markets" in last sentence.
Recodified from N.J.A.C. 2:3-1.1 and amended by R.2005 d.37, effective January 13, 2005.
See: 36 N.J.R. 4285(a), 37 N.J.R. 256(a).
Rewrote the section. Former N.J.A.C. 2:3-1.2, Contents of Certificate of Veterinary Inspection, recodified to N.J.A.C. 2:3-1.

2:3-1.3 Livestock and poultry for slaughter

(a) No livestock or poultry shall be imported into New Jersey for slaughter except in accordance with both the general requirements set forth in (a)1 through 5 below, and the specific requirements contained in N.J.A.C. 2:3-2 through 11 for each specific class of animal.

1. The livestock or poultry imported for slaughter shall be accompanied by a waybill:
2. The livestock or poultry imported for slaughter shall be transported directly to an approved livestock facility, custom slaughter operation, recognized slaughtering establishment or to a private residence for the purpose of slaughter;

3. The livestock or poultry imported for slaughter shall be slaughtered within 10 days of arrival in the State of New Jersey;

4. All approved livestock facilities, custom slaughter operations, recognized slaughtering establishments, and private residences as described in (b)2 above shall maintain all waybills for a period of six months and must present
LIVESTOCK AND POULTRY IMPORTATION

such waybills upon demand by the State Veterinarian or other employee or agent of the New Jersey Department of Agriculture, Division of Animal Health; and

5. Livestock and poultry for slaughter shall not be used or sold for any other purpose than slaughter, except that livestock and poultry for slaughter may be sold to custom slaughter operations.

i. Livestock or poultry for slaughter owned by a custom slaughter operation may be sold, provided that those livestock or poultry sold by the custom slaughter operation are slaughtered before leaving the premises.

See: 36 N.J.R. 4285(a), 37 N.J.R. 256(a).
Former N.J.A.C. 2:3-1.3, Copy of Certificate of Veterinary Inspection to New Jersey Department of Agriculture, recodified to N.J.A.C. 2:3-1.5.

2:3-1.4 Contents of Certificate of Veterinary Inspection

(a) The official Certificate of Veterinary Inspection shall indicate that the livestock or poultry designated thereon comply with all requirements for entry into New Jersey.

(b) The official Certificate of Veterinary Inspection shall include a legible report of the following:

1. Complete name and address of consignor;
2. Origin of the livestock;
3. Complete name and address of consignee;
4. Destination of the livestock;
5. Description of the livestock which shall include: species, breed, sex, and age of animals. Where applicable, the description shall include the following:
   i. Cattle and swine shall be identified by ear tag, tattoo or registration name and number or other identification as approved by the State Veterinarian.
   ii. Horses shall be identified by physical description, tattoo or brand, or microchip, or other identification as approved by the State Veterinarian.

6. A statement that the examining veterinarian personally inspected the animals described and found them free from visible symptoms of infectious, contagious and/or communicable disease or known exposure thereto within 30 days of shipment;

7. Results from all required tests, or a statement of exemption from required testing and reason for exemption, for each specific class of livestock shall be recorded on the Certificate of Veterinary Inspection; and

8. Additional information as required for each specific class of livestock or poultry.

See: 10 N.J.R. 416(a), 11 N.J.R. 2(b).
Certificate of Veterinary Inspection replaced interstate health certificate, at (b)5 method of identifying horses added and at (b)6 “not showing signs ...” added.
Recodified from N.J.A.C. 2:3-1.2 and amended by R.2005 d.37, effective January 18, 2005.
See: 36 N.J.R. 4285(a), 37 N.J.R. 256(a).
In (b), rewrote 5, added a new 7, recodified former 7 as 8. Former N.J.A.C. 2:3-1.4, Expiration date of Certificates of Veterinary Inspection, recodified to N.J.A.C. 2:3-1.6.

2:3-1.5 Copy of Certificate of Veterinary Inspection to New Jersey Department of Agriculture

A copy of the official Certificate of Veterinary Inspection shall be mailed within 10 days of movement by the approving agency to the New Jersey Department of Agriculture, Division of Animal Health, PO Box 330, Trenton, New Jersey 08625-0330.

Certificate of Veterinary Inspection replaced interstate health certificate.
Recodified from N.J.A.C. 2:3-1.3 and amended by R.2005 d.37, effective January 18, 2005.
See: 36 N.J.R. 4285(a), 37 N.J.R. 256(a).
Substituted “within 10 days of movement” for “promptly” following “shall be mailed”. Former N.J.A.C. 2:3-1.5, Quarantine of livestock and poultry entering State, recodified to N.J.A.C. 2:3-1.7.

2:3-1.6 Expiration date of Certificates of Veterinary Inspection

Official Certificates of Veterinary Inspection shall be void 30 days after issuance.

Rule formerly at this cite was entitled “Notification of Department on receipt of livestock” repealed; current rule recodified from N.J.A.C. 2:3-1.5 and Certificate of Veterinary Inspection replaced interstate health certificate.
Recodified from N.J.A.C. 2:3-1.4 by R.2005 d.37, effective January 18, 2005.
See: 36 N.J.R. 4285(a), 37 N.J.R. 256(a).
Former N.J.A.C. 2:3-1.6, Importing diseased livestock and poultry, recodified to N.J.A.C. 2:3-1.8.

2:3-1.7 Quarantine of livestock and poultry entering State

(a) All livestock and poultry entering the State are subject to quarantine by the New Jersey Department of Agriculture.
1. Actions taken by the New Jersey Department of Agriculture as part of a quarantine in accordance with (a) above, may include, but shall not be limited to:
   i. A directive prohibiting movement of livestock or poultry into or out of a quarantine area;
   ii. A directive requiring diagnostic tests and procedures to confirm that the livestock or poultry are no longer affected by infectious, contagious, and/or communicable disease and that the premises are decontaminated and that the premises shall remain under quarantine until such confirmation is received; and/or
   iii. Department oversight of the cleaning, disinfection, and/or disposal of any premises, vehicles, protective clothing or equipment that may have been contaminated due to an outbreak of infectious, contagious and/or communicable disease.

Recodified from N.J.A.C. 2:3-1.6, slight language change.
Recodified from N.J.A.C. 2:3-1.5 and amended by R.2005 d.37, effective January 18, 2005.
See: 36 N.J.R. 4285(a), 37 N.J.R. 256(a).
Rewrote the section. Former N.J.A.C. 2:3-1.7, Prior import permits, recodified to N.J.A.C. 2:3-1.9.

2:3-1.8 Importing diseased livestock and poultry

Livestock and poultry from herds or flocks under quarantine because of any infectious, contagious and/or communicable disease, or livestock or poultry currently classified as suspect because of any infectious, contagious and/or communicable disease shall not be imported into the State.

Recodified from N.J.A.C. 2:3-1.8 and amended by R.2005 d.37, effective January 18, 2005.
See: 36 N.J.R. 4285(a), 37 N.J.R. 256(a).
Rewrote the section. Former N.J.A.C. 2:3-1.8, Procedure on failure to meet importation requirements, recodified to N.J.A.C. 2:3-1.10.

2:3-1.9 Prior import permits

Permits required for entry for a specific class of livestock pursuant to N.J.A.C. 2:3-2.7(b), 3.4(d) or 7.4(a), may be obtained by the consignee from the State Veterinarian, Division of Animal Health, New Jersey Department of Agriculture, PO Box 330, Trenton, New Jersey 08625-0330, telephone number 609-671-6400, or e-mail state.veterinarian@ag.state.nj.us.

Recodified from N.J.A.C. 2:3-1.6, slight language change.
Recodified from N.J.A.C. 2:3-1.5 and amended by R.2005 d.37, effective January 18, 2005.
See: 36 N.J.R. 4285(a), 37 N.J.R. 256(a).
Former N.J.A.C. 2:3-1.8, Procedure on failure to meet importation requirements, recodified to N.J.A.C. 2:3-1.10.

2:3-1.10 Procedure on failure to meet importation requirements

(a) Livestock and poultry not meeting the requirements of this subchapter shall be refused entry into the State, or if already in the State, shall remain under quarantine until the livestock or poultry is either:
   1. Slaughtered;
   2. Tested upon epidemiologic evaluation and risk determination and released;
   3. Returned to the State or country of origin; or
   4. Disposed of in accordance with the decision of the New Jersey Department of Agriculture.

Recodified from N.J.A.C. 2:3-1.8 and amended by R.2005 d.37, effective January 18, 2005.
See: 36 N.J.R. 4285(a), 37 N.J.R. 256(a).
Rewrote the section.

2:3-1.11 Exceptions

The State Veterinarian may grant a request to waive the requirements of any part of this Chapter. Such waivers must be requested in writing. The State Veterinarian shall grant waivers only in writing and upon epidemiological evaluation and risk determination.

See: 36 N.J.R. 4285(a), 37 N.J.R. 256(a).

SUBCHAPTER 2. CATTLE IMPORTATION

2:3-2.1 Compliance with subchapter and importation requirements

In addition to the general requirements for importation, set forth at N.J.A.C. 2:3-1.1 through 1.6, all cattle moved into New Jersey shall meet the specific requirements of this subchapter.

Amended by R.2005 d.37, effective January 18, 2005.
See: 36 N.J.R. 4285(a), 37 N.J.R. 256(a).
Added N.J.A.C. reference, deleted “and bison” following “all cattle”.

2:3-2.2 Definitions

(a) As used in this subchapter, the Department hereby adopts and incorporates by reference definitions of the following words and terms, found in the Code of Federal Regulations, as amended and supplemented, unless the context clearly indicates otherwise:
   “Accredited-free state or zone” shall mean a state or zone as defined in 9 C.F.R. Part 77.5.

   “Accredited herd” shall mean a herd as defined in 9 C.F.R. Part 77.5.
“Cattle” shall mean cattle, including calves, bison, buffalo, and other domesticated Bovidae.

“Certified brucellosis-free herd” shall mean a herd as defined in 9 C.F.R. Part 78.1.

“Class A State or area” shall mean a state or area as defined in 9 C.F.R. Part 78.1.

“Class B State or area” shall mean a state or area as defined in 9 C.F.R. Part 78.1.

“Class C State or area” shall mean a state or area as defined in 9 C.F.R. Part 78.1.

“Class Free State or area” shall mean a state or area as defined in 9 C.F.R. Part 78.1.

(b) Copies of the documents listed in (a) above may be obtained electronically at www.access.gpo.gov/nara/cfr/waisidx_04/9cfr77_04.html and www.access.gpo.gov/nara/cfr/waisidx_04/9cfr78_04.html.

(c) A copy of the documents listed in (a) above is on file in the State Veterinarian’s Office, Division of Animal Health, New Jersey Department of Agriculture, Health and Agriculture Building, John Fitch Plaza, Trenton, NJ 08625.

Old section 2.2 “Importing diseased cattle and goats” recodified to 2:3-2.3.

Definition of “accredited herd” repealed and replaced and C.F.R. cites corrected.

Rewrote the section.

2:3-2.3 Tuberculosis testing

(a) All imported cattle shall be negative to a tuberculosis test within 60 days prior to entry, as described in the “Bovine Tuberculosis Eradication Uniform Methods and Rules” United States Department of Agriculture, 2004, APHIS 91-45-011, as amended and supplemented, which is hereby adopted and incorporated by reference.

(b) A copy of the document referred to in (a) above may be procured electronically at www.aphis.usda.gov/oa/pubs/umr.html.

(c) A copy of the document referred to in (a) above is on file in the State Veterinarian’s Office, Division of Animal Health, New Jersey Department of Agriculture, Health and Agriculture Building, John Fitch Plaza, Trenton, NJ 08625.

(d) Cattle that originate from an accredited-free State or zone or an accredited herd are exempt from tuberculosis testing. For an accredited herd, the Certificate of Veterinary Inspection shall include the accredited herd number of the herd of origin, the date on which the herd of origin was last tuberculin tested, and a statement by the accredited veterinarian that the cattle were included in the most recent test of the herd of origin and that testing with negative results occurred within one year prior to the date of movement, or that the cattle were natural additions to the herd.

Revised (a)-(c).

Revised text.

Old section “Brucellosis test for imported cattle” recodified to 2:3-2.9.

Deleted (a); redesignated existing (b) to (a); added new (b) and (c).

Rewrote the section.

2:3-2.4 Tuberculosis test for imported cattle

The Department may require cattle imported to be tested for tuberculosis if in its judgment such testing would be necessary to prevent introduction of the disease.

Deleted “and bison” following “cattle”.

2:3-2.5 Brucellosis testing—Class Free States or areas

All cattle imported from Class Free States or areas are exempt from an official brucellosis test prior to entry.

Substituted “cattle” for “animal” following “All”.

2:3-2.6 Brucellosis testing—Class A States

(a) The conditions in this section apply to cattle imported from Class A States or areas.

(b) All cattle to be imported, except steers or spayed heifers, must originate from and be members of, or natural additions to, a herd that has been brucellosis tested negative within 15 months or 450 days of entry, but prior to 90 days of shipment, and the herd test date shall be entered on the Certificate of Veterinary Inspection.

(c) All cattle to be imported six months of age or over shall be negative to an official brucellosis test within 30 days prior to entry.

(d) Official brucellosis vaccinated heifers under 14 months of age, steers and spayed heifers to be imported are exempt from brucellosis testing.

(e) Cattle to be imported that originate from a certified brucellosis-free herd are exempt from brucellosis testing. For
a certified brucellosis-free herd, the Certificate of Veterinary Inspection shall include the certified herd number of the herd of origin, the date on which the herd of origin was last tested for brucellosis, and a statement by the accredited veterinarian that the cattle were included in the last herd test, or were natural additions to the herd.

Rewrote the section.

2:3-2.7 Brucellosis testing—Class B and C States

(a) The conditions in this section apply to cattle imported from Class B and Class C States or areas.

(b) A prior permit for movement shall be obtained by the consignee from the State Veterinarian. Permits may be obtained as described in N.J.A.C. 2:3-1.9.

(c) All cattle to be imported must be members of or natural additions to a certified brucellosis-free herd.

(d) All cattle to be imported that are six months of age or over shall be negative to an official brucellosis test within 30 days prior to entry.

(e) Official brucellosis vaccinated heifers under 14 months of age, steers and spayed heifers are exempt from brucellosis testing.

(f) The Certificate of Veterinary Inspection shall include the prior permit number, the certified brucellosis-free herd number of the herd of origin, the date on which the herd of origin was last tested for brucellosis, and a statement by an accredited veterinarian that the cattle being imported were included in the last herd test, or were natural additions to the herd.

(g) The imported cattle shall be quarantined separate and apart from native cattle upon entry into the State until brucellosis-tested negative at the owner’s expense, not less than 45 or more than 120 days after entry into the State.

Old section was “Dip treatment of sheep originating in state with scabities”.
New (a)2 added, requirements for contents of Certificate of Veterinary Inspection; recodified (a)2-3 as (a)3-4, old 4 deleted, at (a)5 owners expense added and (a)6 deleted and new language added.
Amended by R.2005 d.37, effective January 18, 2005.
See: 36 N.J.R. 4285(a), 37 N.J.R. 256(a).
Rewrote the section.

2:3-2.8 Brucellosis test for imported cattle

The Department may require cattle to be imported to be tested for brucellosis if in its judgment such testing would be necessary to prevent introduction of the disease.

Stylistic changes in (a); added (b).
See: 16 N.J.R. 294(a), 16 N.J.R. 1469(b).
Recodified from 2:3-2.4 to 2:9 with revisions in (b).
Repeal and recodification from 2:3-2.9 by R.1989 d.455, effective August 21, 1989.
Revised text. Old section was “Interstate health certificate. The following annotation was originally part of 2:3-2.8 Interstate health certificate:”.
See: 16 N.J.R. 294(a), 16 N.J.R. 1469(b).
Rewrote the section.

2:3-2.9 Anaplasmosis or Bluetongue

(a) All cattle from states with endemic Anaplasmosis or Bluetongue, as determined by the United States Department of Agriculture, except cattle imported for slaughter, must be tested negative within 30 days prior to entry.

(b) Anaplasmosis positive cattle will be returned to the state of origin or quarantined until three repeated tests at least 30 days apart are negative.

(c) Bluetongue positive cattle will be quarantined and must be isolated until epidemiology and retesting discloses no potential threat to contact animals.

Old section “Brucellosis test for imported cattle” was recodified to 2:3-2.8.
Amended by R.2005 d.37, effective January 18, 2005.
See: 36 N.J.R. 4285(a), 37 N.J.R. 256(a).
Rewrote (a), (b); in (c), substituted “cattle” for “animals” following “Bluetongue positive”.

SUBCHAPTER 3. SWINE IMPORTATION

2:3-3.1 Compliance with subchapter and importation requirements

In addition to the general requirements for importation set forth at N.J.A.C. 2:3-1.1 through 1.6, all swine moved into New Jersey shall meet the specific requirements of this subchapter.

N.J.A.C. cite corrected.
Amended by R.2005 d.37, effective January 18, 2005.
See: 36 N.J.R. 4285(a), 37 N.J.R. 256(a).
Amended N.J.A.C. reference.

2:3-3.2 Definitions

(a) The following words and terms, as used in this subchapter, shall have the following meanings, unless context clearly indicates otherwise.
“Qualified pseudorabies negative herd” shall mean a herd as defined in 9 C.F.R. Part 85.1, incorporated herein by reference, as amended and supplemented.

“Validated brucellosis-free herd” shall mean a herd as defined in 9 C.F.R. Part 78.1, incorporated herein by reference, as amended and supplemented.

“Validated brucellosis-free state” shall mean a state as defined in 9 C.F.R. Part 78.1, incorporated herein by reference, as amended and supplemented.

(b) A copy of the documents set forth in (a) above may be obtained electronically at www.access.gpo.gov/nara/cfr/waisidx_04/9cfr78_04.html and www.access.gpo.gov/nara/cfr/waisidx_04/9cfr85_04.html.

(c) A copy of the documents set forth in (a) above is on file in the State Veterinarian’s Office, Division of Animal Health, New Jersey Department of Agriculture, Health and Agriculture Building, John Fitch Plaza, Trenton, NJ 08625.

Designated the introductory paragraph as (a); added (b), (c).

2:3-3.3 Brucellosis testing
(a) All imported swine shall be negative to an official brucellosis test within 30 days prior to entry.

(b) Swine that originate from a validated brucellosis-free state or a validated brucellosis-free herd are exempt from brucellosis testing. For a validated brucellosis-free herd, the Certificate of Veterinary inspection must include the validated brucellosis-free herd number of the herd of origin and the date on which the herd of origin was last tested for brucellosis.

2:3-3.4 Pseudorabies testing
(a) The Department hereby adopts and incorporates by reference the definitions of “Stage IV State/Area” and “Stage V State/Area” established under “Pseudorabies Eradication State-Federal-Industry Uniform Methods and Rules” (United States Department of Agriculture, 2003, APHIS 91-55-071, as amended and supplemented.)

(b) A copy of the document referred to in (a) above may be obtained electronically at www.aphis.usda.gov/oa/pubs/umr.html.

(c) A copy of the document referred to in (a) above is on file in the State Veterinarian’s Office, Division of Animal Health, New Jersey Department of Agriculture, Health and Agriculture Building, John Fitch Plaza, Trenton, NJ 08625.

(d) All imported swine shall be negative to an official pseudorabies test within 30 days prior to entry. Swine shall be held in quarantine on the farm of destination separate and apart from all native animals until retested negative not less than 30 nor more than 60 days following importation.

(e) Swine that originate from a pseudorabies Stage IV or V State/Area or originate from a qualified pseudorabies negative herd are exempt from pseudorabies testing. For a qualified pseudorabies negative herd, the Certificate of Veterinary Inspection shall include the qualified pseudorabies negative herd number of the herd of origin, and the date on which the herd of origin was last tested for pseudorabies.

(f) Importation into the State of New Jersey of swine vaccinated for pseudorabies is prohibited unless a permit has been issued by the State Veterinarian. Permits may be obtained as described in N.J.A.C. 2:3-1.9.

In (a), substituted “Pseudorabies Eradication” for “Brucellosis Control/Eradication”, “1999” for “1990”, and “047” for “016”.

Rewrote the section.

2:3-3.5 (Reserved)

Section was “Feeding swine.”

SUBCHAPTER 4. SHEEP IMPORTATION

2:3-4.1 Compliance and importation requirements
In addition to the general requirements for importation set forth at N.J.A.C. 2:3-1.1 through 1.6, all sheep moved into New Jersey, except those imported for slaughter, shall meet the specific requirements of this subchapter.

Rewrote the section.

2:3-4.2 Bluetongue
All sheep from states with endemic Bluetongue, as determined by the United States Department of Agriculture, except sheep imported for slaughter, must be tested negative within 30 days prior to entry.

SUBCHAPTER 5. GOAT IMPORTATION

2:3-5.1 Compliance and importation requirements
In addition to the general requirements for importation, N.J.A.C. 2:3-1.1 through 1.6, all goats to be imported, except for those destined for slaughter, shall meet the specific requirements of this subchapter.
2:3-5.2 Definitions

(a) As used in this subchapter, the Department hereby adopts and incorporates by reference definitions of the following words and terms, found in the Code of Federal Regulations, as amended and supplemented, unless the context clearly indicates otherwise:

"Accredited-free state or zone" shall mean a state or zone as defined in 9 C.F.R. Part 77.5.

"Accredited herd" shall mean a herd as defined in the "Bovine Tuberculosis Eradication Uniform Methods and Rules" (United States Department of Agriculture, 1999, APHIS 91-45-011.)

"Goats" shall mean animals of the genus Capra as defined in the "Bovine Tuberculosis Eradication Uniform Methods and Rules" (United States Department of Agriculture, 1999, APHIS 91-45-011.)

"Wethers" shall mean castrated male goats.

(b) A copy of the documents referred to in (a) above may be obtained electronically at www.aphis.usda.gov/oa/pubs/umr.html and www.access.gpo.gov/nara/cfr/waisidx-04/9cfr7704.html.

(c) A copy of the documents referred to in (a) above is on file in the State Veterinarian’s Office, Division of Animal Health, New Jersey Department of Agriculture, Health and Agriculture Building, John Fitch Plaza, Trenton, NJ 08625.

2:3-5.3 Tuberculosis testing

(a) All goats to be imported shall be negative to an official tuberculosis test within 60 days prior to entry.

(b) Goats to be imported that originate from an accredited-free state or zone or from an accredited herd shall be exempt from testing. The Certificate of Veterinary Inspection shall include the date on which the herd of origin was last tuberculin tested, and a statement by the accredited veterinarian that the goats to be imported were included in the most recent test of the herd of origin and testing with negative results occurred within one year prior to the date of movement, or were natural additions to the herd.

2:3-5.4 Tuberculosis test for imported goats

In addition to the tests required by N.J.A.C. 2:3-5.3, the Department may require goats imported to be tested for tuberculosis if in its judgment such testing would be necessary to prevent introduction of the disease.

2:3-5.5 Brucellosis testing

(a) All goats to be imported four months of age or over shall be negative to an official brucellosis test within 30 days prior to entry.

(b) Wethers shall be exempt from brucellosis testing.

SUBCHAPTER 6. EQUINE IMPORTATION

2:3-6.1 Compliance with subchapter and importation requirements

In addition to the general requirements for importation, N.J.A.C. 2:3-1.1 through 1.6, all equidae moved into New Jersey shall meet the specific requirements of this subchapter.

Recodified from N.J.A.C. 2:3-5.1 and amended by R.2005 d. 37, effective January 18, 2005.

Amended N.J.A.C. reference. Former N.J.A.C. 2:3-6.1, Compliance with subchapter and importation requirements, recodified to N.J.A.C. 2:3-7.1.

2:3-6.2 Official test for equine infectious anemia

(a) "Official test for equine infectious anemia," as used in this subchapter, means the equine infectious anemia agar gel immuno-diffusion (AGID) procedure or the Enzyme Linked Immunosorbant Assay (ELISA) procedure as conducted in accordance with (b) below.

(b) All imported equidae shall have had a negative official test for equine infectious anemia conducted at a jointly approved United States Department of Agriculture—New Jersey Department of Agriculture laboratory within the past 12 months. Equidae younger than six months and accompanied by a dam that has a negative official test within the past 12 months are exempt from this testing requirement.

SUBCHAPTER 7. POULTRY AND HATCHING EGG IMPORTATION

2:3-7.1 Compliance with subchapter and importation requirements

(a) In addition to the general requirements for importation, N.J.A.C. 2:3-1.1 through 1.6, no poultry or hatching eggs shall be moved into New Jersey except in conformity with the specific requirements of this subchapter, and N.J.A.C. 2:9, Avian Influenza.

(b) For purposes of this subchapter, the following words and terms shall have the following meanings unless the context clearly indicates otherwise:

1. “Auction market” means a business where producers, wholesalers, poultry distributor/dealers and retailers meet to purchase, trade or sell poultry.
2. "Avian Influenza" means both Highly Pathogenic Avian Influenza (HPAI) as defined by the Office International des Epizooties (OIE) "Manual of Standards for Diagnostic Tests and Vaccines, 4th Edition, 2000," as amended and supplemented, which is herein adopted and incorporated by reference, or any Low Pathogenic Avian Influenza (LPAI) subtype H5 or H7 that falls outside the parameters of the definition for Highly Pathogenic Avian Influenza.

   i. A copy of this document may be procured online at www.oie.int/eng/publicat/en_standards.htm.
   
   ii. A copy of this document is on file in the State Veterinarian's Office, Division of Animal Health, New Jersey Department of Agriculture, Health and Agriculture Building, John Fitch Plaza, Trenton, NJ 08625.

3. "Breeding flock" means a flock that is intended for the production of hatching eggs.

4. "Flock" means a group of poultry, held separately from other poultry, which have been housed together for at least 21 days, without any additional poultry being added to the flock during the 21-day period.

5. "Live poultry market" means a facility or operation which offers poultry for sale and on-site slaughter.

6. "Poultry" means chickens, turkeys, guineafowl, peafowl, quail, grouse, chukars, pheasant, rattles and waterfowl, regardless of age or gender, with the exception of doves and pigeons.

7. "Poultry distributor/dealer" means a business that trades poultry in the live poultry market system by acquiring poultry from auction markets, multiple flocks and/or multiple geographic areas.

8. "Poultry inspection certificate" means a document issued by a State agency based on negative Avian Influenza test results by an approved laboratory. The certificate shall include:

   i. The full name and address of the origin of the poultry;
   
   ii. The type and quantity of poultry being moved;
   
   iii. The date of issue and expiration date of the certificate;
   
   iv. The dates, results and lab accession number(s) of qualifying tests; and
   
   v. A statement verifying that the identified poultry have been co-mingled for a minimum of 21 days and no poultry have been added to the flock during this 21-day period prior to testing in accordance with N.J.A.C. 2:3-7.4(e) 1 through 4.

9. "Poultry invoice" means a document issued by a poultry distributor/dealer. The invoice shall include:

   i. The full name and address of the poultry distributor/dealer;
   
   ii. The type and quantity of poultry being moved;
   
   iii. The date of movement;
   
   iv. Proof of negative avian influenza status consistent with N.J.A.C. 2:3-7.4(e) 1 through 4; and
   
   v. The name and address of the live poultry market.

10. "Poultry waste" shall include, but not be limited to, poultry offal, poultry manure, poultry litter or egg shells.

Emergency amendment, R.2004 d.119, effective February 23, 2004 (to expire April 23, 2004).

See: 36 N.J.R. 1608(a).

Codified section as (a) and added (b).

See: 36 N.J.R. 1608(a), 36 N.J.R. 1751(a), 36 N.J.R. 2488(b).

Recodified from N.J.A.C. 2:3-6.1 and amended by R.2005 d.37, effective January 18, 2005.

See: 36 N.J.R. 4285(a), 37 N.J.R. 256(a).

Rewrote the section. Former N.J.A.C. 2:3-7.1, was repealed.

2:3-7.2 Pullorum testing

(a) All poultry imported into New Jersey for breeding flock replacement shall originate from flocks classified as pullorum-typhoid clean under the National Poultry Improvement Plan, 9 C.F.R. Volume 1 (1-1-03 Edition), Part 145, as amended and supplemented, which is herein adopted and incorporated by reference.

(b) A copy of the document referred to in (a) above may be obtained electronically at www.aphis.usda.gov/vs/npip/.

(c) A copy of the document referred to in (a) above is on file in the State Veterinarian's Office, Division of Animal Health, New Jersey Department of Agriculture, Health and Agriculture Building, John Fitch Plaza, Trenton, NJ 08625.

(d) All eggs imported for hatching shall originate from hatcheries or premises classified as pullorum-typhoid clean under the National Poultry Improvement Plan.

Recodified from N.J.A.C. 2:3-6.2 and amended by R.2005 d.37, effective January 18, 2005.

See: 36 N.J.R. 4285(a), 37 N.J.R. 256(a).

Rewrote the section.

2:3-7.3 Salmonella enteriditis

(a) All poultry imported into the State for the purpose of producing eggs for human consumption and hatching eggs imported for the purpose of raising poultry that will produce eggs for human consumption shall meet the standards of the United States Sanitation Monitored Program and the United States Salmonella Enteriditis Clean program of the National Poultry Improvement Plan, 9 C.F.R. Volume 1 (1-1-03 Edition), Part 145, as amended and supplemented, which is herein adopted and incorporated by reference.
2:3-7.3 AGRICULTURE

(b) A copy of the document referred to in (a) above may be obtained electronically at www.aphis.usda.gov/vs/npip/.

(c) A copy of the document referred to in (a) above is on file in the State Veterinarian’s Office, Division of Animal Health, New Jersey Department of Agriculture, Health and Agriculture Building, John Fitch Plaza, Trenton, NJ 08625.

Recodified from N.J.A.C. 2:3-6.3 and amended by R.2005 d. 37, effective January 18, 2005.
See: 36 N.J.R. 4255(a), 37 N.J.R. 256(a).
Rewrote the section.

2:3-7.4 Avian influenza

(a) No poultry waste originating from those areas, counties or states affected by Avian Influenza, as designated by the New Jersey Department of Agriculture, United States Department of Agriculture, or other state Departments of Agriculture, shall be imported into New Jersey for any purposes unless approved and provided a permit by the State Veterinarian.

(b) No poultry, or hatching eggs originating from a state, territory, or country where Highly Pathogenic Avian Influenza (HPAI) has been detected, shall be imported into New Jersey for live bird markets unless:

1. The poultry or hatching eggs are approved and provided a permit by the State Veterinarian; and
2. The poultry or hatching eggs meet testing requirements as follows:
   i. All poultry shall originate and move directly from an established flock in which a minimum of 30 birds, seven days of age and older, were tested negative for Avian Influenza using real-time reverse-transcriptase polymerase chain reaction (rRT-PCR). If the flock contains less than 30 birds, all birds from within the flock must be tested.
      (1) rRT-PCR testing is accepted for all gallinaceous poultry and domestic ducks. The date of sample collection must be within 72 hours prior to the date of entry into New Jersey and the shipment must be accompanied by a copy of the finalized laboratory report indicating that the poultry tested negative for Avian Influenza.
      (2) Only virus isolation testing is accepted for movement of waterfowl, other than domestic ducks, into the State of New Jersey. Negative Avian Influenza virus isolation results are not expected within 72 hours of sample collection date; therefore, prior approval for movement of waterfowl other than domestic ducks must be obtained from the New Jersey State Veterinarian.
   ii. All hatching eggs and poultry less than seven days of age shall originate and move directly from an established flock that meets the testing requirements of (b)2i above.
   iii. Originates and are moving directly from an established flock that participates in the National Poultry Improvement Plan (NPIP) U.S. Avian Influenza Clean program or NPIP U.S. H5/H7 Avian Influenza Clean or Monitored program;
      i. Originates and are moving directly from a test negative Avian Influenza monitored flock; or
      ii. Originates and are moving directly from a test negative Avian Influenza tested flock;

2. The poultry are accompanied by a Poultry Inspection Certificate for movement within the live bird marketing system; or

3. The poultry or hatching eggs are accompanied by a Veterinary Services (VS) Form 9-3 for movement directly from an established flock that participates in the NPIP U.S. Avian Influenza Clean program or NPIP U.S. H5/H7 Avian Influenza Clean or Monitored program.

(d) Poultry less than seven days of age and not subject to (b)2ii above are exempt from testing requirements if these birds originated and moved directly from a breeding flock that meets the requirements of (c)1 through 3 above.

Rewrote the section.
Rewrote the section.

2:3-7.5 Routes: Shipment of poultry and poultry waste

(a) All vehicles carrying poultry, hatching eggs or poultry waste through New Jersey, without stopping to unload or pick up poultry in New Jersey, shall confine themselves to interstate highway system roads.
(b) All vehicles carrying poultry, hatching eggs or poultry waste through or into New Jersey shall follow routes designated by this section. The State Veterinarian may order additional routing requirements as conditions warrant.

(c) All vehicles specified in (b) above shall adhere to the following routes, unless given written permission by the State Veterinarian to use alternate routes:

1. All vehicles traveling through New Jersey shall travel only on the interstate highway system, excluding Route 40, which is in close proximity to large poultry production houses.

2. Vehicles entering New Jersey for the Vineland vicinity shall adhere to one of the following routes:
   i. From Pennsylvania or Delaware: Across the Delaware Memorial Bridge north on I-295, or the New Jersey Turnpike to Route 322, east on Route 322 to Route 55 south.
   (1) To B & B Poultry: Take State Route 56 West to County Route 638 then to Almond Road (County Route 540).
   (2) To Vineland Kosher Poultry, Inc.: Take State Route 56 East to South Mill Road.
   ii. From Pennsylvania or Delaware: Across the Commodore Barry Bridge to Route 322 to Route 55 and then follow one of the routes set forth in (c)2i above.
   iii. From New York: On the New Jersey Turnpike to Route 322 east and then follow one of the routes set forth in (c)2i above.

3. Drivers of vehicles specified in (b) above shall request routes for other destinations in New Jersey from the State Veterinarian.

4. The State Veterinarian shall provide a map and/or directions with required travel routes upon request.

Rewrote the section.

2:3-8.2 Definitions

(a) As used in this subchapter, the Department hereby adopts and incorporates by reference the definitions of the following words and terms, found in the Code of Federal Regulations, as amended and supplemented, unless the context clearly indicates otherwise:

"Accredited-free state or zone" shall mean a state or zone as defined in 9 C.F.R. Part 77.20.

"Accredited herd" shall mean a herd as defined in 9 C.F.R. Part 77.20.

"Captive cervids" shall mean cervids as defined in 9 C.F.R. Part 77.20.

"Monitored herd" shall mean a herd as defined in 9 C.F.R. Part 77.20.

"Nonaccredited states or zones" shall mean states or zones as defined in 9 C.F.R. Part 77.20.

"Qualified herd" shall mean a herd as defined in 9 C.F.R. Part 77.20.

(b) A copy of the documents referred to in (a) above may be obtained electronically at www.access.gpo.gov/nara/cfr/waisidx_04/9cfr77.04.html.

(c) A copy of the documents referred to in (a) above is on file in the State Veterinarian's Office, Division of Animal Health, New Jersey Department of Agriculture, Health and Agriculture Building, John Fitch Plaza, Trenton, NJ 08625.

Amended by R.2005 d.37, effective January 18, 2005.
See: 36 N.J.R. 4285(a), 37 N.J.R. 256(a).
Rewrote the section.

2:3-8.3 Tuberculosis testing

(a) Captive cervids to be imported that originate from a non-accredited state or zone are prohibited from entering the State of New Jersey.

(b) All captive cervids to be imported:

1. Shall be accompanied by a Certificate of Veterinary Inspection which shall include both a statement that the animals to be imported originated from a herd which was negative to a whole herd test conducted within the one year of movement or were natural additions to the herd, and the date on which the herd of origin was last tuberculin tested;
and shall have passed an official tuberculin test twice, at least 90 days but not more than six months apart, with the second test conducted within 90 days prior to the date of movement;

2. Shall have originated from a monitored herd provided that they are accompanied by a Certificate of Veterinary Inspection stating that such captive cervids originate from a monitored herd and have been tested negative to an official tuberculosis test that was conducted within 90 days prior to the date of movement; or

3. Shall have originated from a qualified herd provided that they are accompanied by a Certificate of Veterinary Inspection stating that such captive cervids originate from a qualified herd and have been tested negative to an official tuberculosis test that was conducted within 90 days prior to the date of movement.

(c) Captive cervids that originate from an accredited-free state or zone, or an accredited herd, are exempt from tuberculosis testing requirements. For an accredited herd, the Certificate of Veterinary Inspection shall include the accredited herd number of the herd of origin, the date on which the herd of origin was last tuberculin tested, and a statement that the animals to be imported were included most recent test of the herd of origin; that testing with negative results occurred within one year prior to the date of movement, or that the animals to be imported were natural additions to the herd.

Amended by R.2005 d.37, effective January 18, 2005.
See: 36 N.J.R. 4285(a), 37 N.J.R. 256(a).
Rewrote the section.

2:3-8.4 Brucellosis testing

All captive cervids to be imported, six months of age or over, shall be negative to an official brucellosis test within 30 days prior to entry.

See: 36 N.J.R. 4285(a), 37 N.J.R. 256(a).

2:3-8.5 Bluetongue testing

All captive cervids to be imported from states with endemic Bluetongue, as determined by the United States Department of Agriculture, except captive cervids imported for slaughter, must be tested negative within 30 days prior to entry.

See: 36 N.J.R. 4285(a), 37 N.J.R. 256(a).

2:3-8.6 Chronic wasting disease

(a) Movement of any captive cervid into the State of New Jersey is prohibited unless captive cervids to be imported are members of a herd participating in the United States Department of Agriculture Chronic Wasting Disease Herd Certification Program and are in compliance with the United States Department of Agriculture rules governing interstate movement of captive cervids, as described in 9 C.F.R. Volume 1 (1-1-04 Edition), Part 55, as amended and supplemented, which is herein adopted and incorporated by reference.

(b) A copy of the document referred to in (a) above may be obtained electronically at www.aphis.usda.gov/vs/nahps/cwd/ and www.access.gpo.gov/nara/cfr/waisidx_04/9cfr55_04.html.

See: 36 N.J.R. 4285(a), 37 N.J.R. 256(a).

SUBCHAPTER 9. LLAMA AND ALPACA IMPORTATION

2:3-9.1 Compliance with importation requirements

In addition to the general requirements for importation, N.J.A.C. 2:3-1.1 through 1.6, all llamas and alpacas moved into New Jersey shall meet the specific requirements of this subchapter.

Amended by R.2005 d.37, effective January 18, 2005.
See: 36 N.J.R. 4285(a), 37 N.J.R. 256(a).
Rewrote the section.

2:3-9.2 Definitions

(a) As used in this subchapter, the Department hereby adopts and incorporates by reference definitions of the following words and terms, found in the Code of Federal Regulations, as amended and supplemented, unless the context clearly indicates otherwise:

"Accredited-free state or zone" shall mean a state or zone as defined in 9 C.F.R. Part 77.5.

"Camelids" mean members of the Genus Lama.

(b) A copy of the document referred to in (a) above may be obtained electronically at www.access.gpo.gov/nara/cfr/waisidx_04/9cfr77_04.html.

(c) A copy of the document referred to in (a) above is on file in the State Veterinarian’s Office, Division of Animal Health, New Jersey Department of Agriculture, Health and Agriculture Building, John Fitch Plaza, Trenton, NJ 08625.

See: 36 N.J.R. 4285(a), 37 N.J.R. 256(a).

2:3-9.3 Tuberculosis testing

(a) All camelids to be imported shall be negative to an official tuberculosis test within 60 days prior to entry.
(b) Camelids to be imported that originate from an accredited-free state or zone shall be exempt from testing.

See: 36 N.J.R. 4285(a), 37 N.J.R. 256(a).

2:3-9.4 Brucellosis testing

(a) All camelids to be imported six months of age or over shall be negative to an official brucellosis test within 30 days prior to entry.

(b) Neutered male camelids are exempt from testing requirements.

See: 36 N.J.R. 4285(a), 37 N.J.R. 256(a).

SUBCHAPTER 10. NUTRIA (MYOCASTER COYPU) IMPORTATION

2:3-10.1 Compliance with importation requirements

In addition to the general requirements for importation, N.J.A.C. 2:3-1.1 through 1.6, all nutria are considered exotic game animals in the State of New Jersey, and as such shall meet the requirements of the New Jersey Department of Environmental Protection found at N.J.A.C. 7:25-10.

Nutria, spelling correction.
Amended by R.2005 d.37, effective January 18, 2005.
See: 36 N.J.R. 4285(a), 37 N.J.R. 256(a).
Rewrote the section.

SUBCHAPTER 11. LIVESTOCK AND POULTRY IMPORTATION

2:3-11.1 Compliance with importation requirements

In addition to the general requirements for importation, N.J.A.C. 2:3-1.1 through 1.6, all livestock and poultry imported for exhibition, including rodeo stock, shall also comply with the requirements for each specific class of livestock or poultry.

Amended by R.2005 d.37, effective January 18, 2005.
See: 36 N.J.R. 4285(a), 37 N.J.R. 256(a).
Amended N.J.A.C. reference.
