Moving forward the Friday Veggie Patch will always include a red/orange vegetable. In addition the entree will no longer be relied upon to meet the red/orange requirement since the students have a choice of entrees. This has been implemented as of November 21, 2018			
	Flagged Kate Marsh 11/15/2018 10:10 AM	<p>At lunch, portion sizes planned for each component must meet both daily and weekly minimum requirements for each appropriate grade group. When planning menus, refer to the Lunch Meal Pattern Charts, available on the Department of Agriculture's Form web site for specific component and minimum quantity requirements. The 9-12 lunch menu for the review week was short the weekly requirement for red/orange vegetable subgroup. TA was provided to ensure the full minimum requirement is offered over the course of each week in the sides - not the entrees (unless only 1 entree is served daily).</p> <p>Explain in detail, how the finding will be corrected and the measures taken to ensure that it will not reoccur in the future.</p> <p>Indicate the date of implementation.</p>
